RENO
FOOD
SYSTEMS

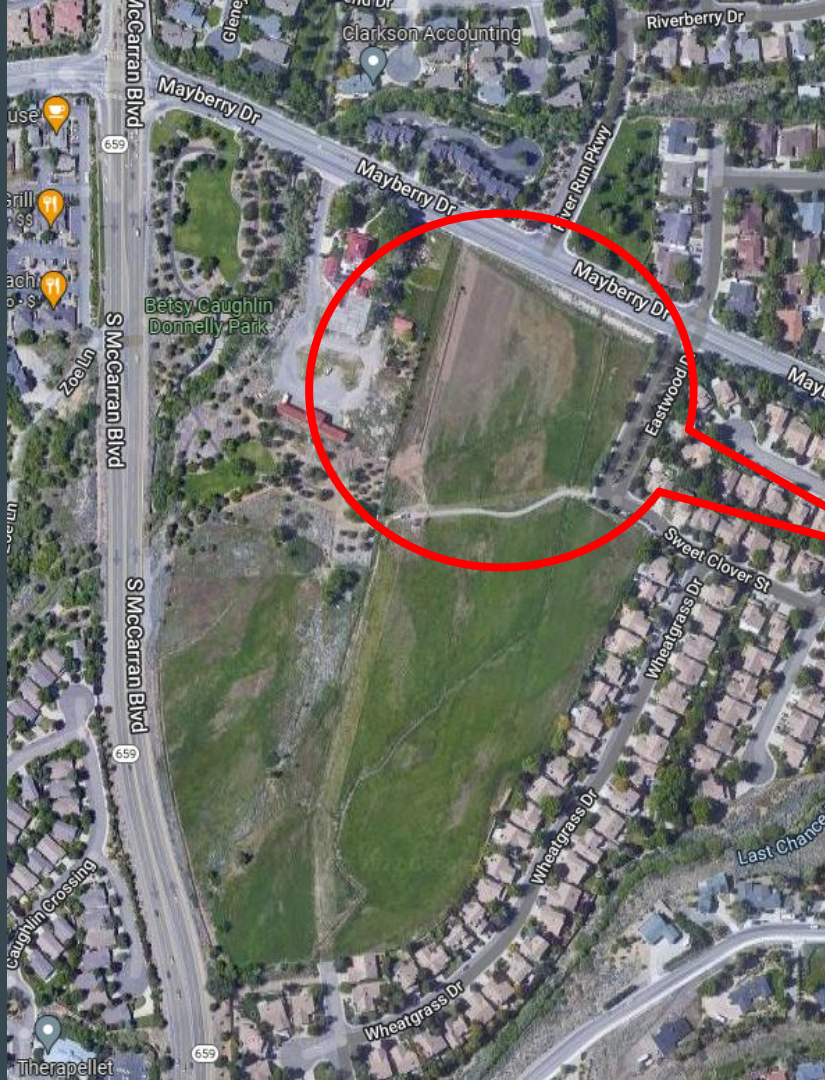

We are farmers, mentors, and advocates stewarding lands and sharing food & resources for the well-being of our earth, community and future generations.

Reno Food Systems..

A non-profit community organization operating 6 urban based agricultural programs that steward the land, increase the local food supply, expand access to fresh foods and support a resilient local food system

PHOTOS: Nonprofit completes the circle of life for food grown in Northern Nevada

By  David Calvert

November 25th, 2020 - 7:35am

Farm manager Lyndsey Langsdale feeds yogurt donated to Reno Food Systems because it was past its sell-by date to a farm pig on Monday, Nov. 23, 2020. (David Calvert/The Nevada Independent)

WE OPERATE SIX PROGRAMS AIMED AT SUPPORTING A
RESILIENT LOCAL FOOD SYSTEM.

1. Park Farm

- A partnership with Washoe County
- 5-acre working urban farm
- Produce sales through wholesale and direct-to-consumer channels
- Open to the public during the summer as a farm stand and for tours, we engage the public in agricultural education
- Increase the availability of local produce in the Truckee Meadows

2. INTERN PROGRAM

3. RFS FOOD JUSTICE PROGRAM

Mobile Farmers Market

RFS FOOD JUSTICE PROGRAM

Farmers Market Gleaning Program

- Began in fall 2020 with CARES funding
- Purchase leftover/surplus product from local farmers at wholesale (\$40,600 in 2020)
- Distribute through 10 community partners
- Bilingual nutrition ed.

RFS FOOD JUSTICE PROGRAM

Nevada Food Security Coalition

- A forum for key community organizations to maximize efforts to purchase food from small to medium regional farms and distribute it as quickly as possible to our local food insecure populations.

4. RENO GARLIC FEST

RGF is an annual, free public event in partnership with Reno Artown that celebrates one of Nevada's most popular agricultural products! The event brings together local garlic farmers and vendors, live music, food trucks, and lots of fun in a casual street party vibe. RGF's purpose is to educate and empower Northern Nevadans with information about growing and consuming garlic.

5. NURSERY

- Supporting home gardeners with high quality, naturally grown annual and perennial seedlings: 1500 in 2021
- Supporting community gardens with seedling donations: 1000 in 2021

6. FOOD FOREST

Betsy Caughlin Donnelly Park
3295 Mayberry Drive
Reno, NV 89519

Park Farm Concept Plan
