Detached Accessory Dwelling Administrative Review Case Number  
WDADAR22-0009

The project approved under Detached Accessory Dwelling Administrative Review Case Number WDADAR22-0009 shall be carried out in accordance with these conditions of approval granted on August 16, 2022. Conditions of approval are requirements placed on a permit or development by each reviewing agency. These conditions of approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

**Unless otherwise specified**, all conditions related to the approval of this detached accessory dwelling administrative review shall be met or financial assurance must be provided to satisfy the conditions of approval prior to issuance of a certificate of occupancy by the Planning and Building Division. The agency responsible for determining compliance with a specific condition shall determine whether the condition has been fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with Planning and Building.

Compliance with the conditions of approval related to this administrative review is the responsibility of the applicant, his/her successor in interest, and all owners, and occupants of the property. Failure to comply with any of the conditions imposed in the approval of the Administrative Review Permit may result in the initiation of revocation procedures.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.
