The amended scope of work will include construction management, quality control and testing, and inspection services.

Washoe County Strategic Objective supported by this item: Safe, secure and healthy communities.

PREVIOUS ACTION

January 27, 2014, the Purchasing and Contracts Manager executed the Agreement for Professional Services between Washoe County and Wood Rodgers, Inc., in the amount of \$96,300.

visitors annually. The Park was developed in the early 1980s and has been improved over time to now include approximately 29 acres of flood irrigated pastures and 35 acres of manicured turf. The existing park irrigation system is outdated with deteriorating infrastructure and needs to be fully reconstructed with new piping, valves, control systems, and a pump station. Full reconstruction of the entire system is estimated at approximately \$1.5 million; however, with the limited funds available a phased approach is proposed.

The existing Professional Services Agreement with Wood Rodgers was executed on January 27, 2014 by the Purchasing and Contracts Manager in the amount \$96,300.00 for design related services.

This item, if approved will include construction support services with the estimated costs indicated as follows:

Attached is Amendment 1, with new scope of work, and the original Agreement for Professional Services executed on January 27, 2014.

FISCAL IMPACT

Fiscal 2014-15 appropriations are available in Capital Facilities Projects Fund 489, project CF890802-781080 in the amount of \$364,968 which will fund the additional scope of work estimated at \$38,500. Remaining appropriations will fund a portion of construction.
