Hello,

WM subcontracts the Crystal Bay service area to Tahoe Truckee Sanitation District. The drivers are not WM employees, but the service options provided to Crystal Bay customers are the same.

WM and TTSD operate in the Incline Village & Crystal Bay areas by virtue of the franchise agreement between IVGID & WM.

Attached is a PDF copy of the service brochure which is available at the WM customer service office.

And here's the website link

<https://www.wm.com/location/nevada/northern-nevada/inclinevillage/index.jsp>

Thanks again for the opportunity to speak with you last night.  
Happy to answer any additional questions you may have in the future.

Kendra Kostelecky  
Northern Nevada Contract Manager

Subject: [EXTERNAL] one more question re waste mgmt

Is the Crystal Bay community serviced out of Incline Village? If not, can you provide details?  
Judy Simon, IV/CB CAB

Recycling is a good thing. Please recycle any printed emails.

Hi Marc,

Sorry for the delay on this one. Circling back to answer the question about the average number of miles covered by WM drivers on a weekly & monthly basis.

These numbers include all lines of service, which are residential, commercial, and industrial.

Weekly average 579.30  
Monthly Average 3,519.5

Thank you
