8. Planning Items and Public Hearings

Agenda Item 8.A.

PUBLIC HEARING: Administrative Permit Case Number AP14-004 (Incline Village Fine Art Festival) (continued from June 5, 2014 agenda) – To approve an administrative permit and outdoor community event business license for the Incline Village Fine Art Festival, an outdoor art display event to be held at Preston Field in Incline Village, Nevada on August 15, 16, and 17, 2014. The proposed event will be held between the hours of 10:00 a.m. and 5:00 p.m. (Friday through Sunday). The event will consist of approximately 50 artists, three food booths, acoustic entertainment (no amplification or stages), and possible wine tasting. Each artist will set up their own 10' x 10' canopy in which to display their original art work. Primary parking is proposed on-site utilizing the existing parking for Preston Field. Event organizers estimate that approximately 50 participants and a maximum of 500 spectators will take part in the event during any one day of the three-day event period. Based on the testimony and evidence presented at the hearing, to include the report of reviewing agencies, the Board of Adjustment may approve the issuance of the administrative permit and business license with conditions, or deny the application.

Chair Toulouse opened the public hearing; no disclosures were made by members of the Board. Roger Pelham reviewed his staff report dated July 18, 2014. He indicated no comments or concerns were received.

Chair Toulouse inquired about how much of the land would be developed. Voicing concerns that the mule deer would be driven away if fencing was installed and the vegetation was removed from the sloping portion of the property. Angela Fuss, the applicant’s representative, indicated that the property would be cleaned up and a driveway installed. The slope portion was not going to be developed and fencing would only be installed around the area where equipment will be stored, at this time. Chair Toulouse closed public hearing.

Member Wideman moved, that after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, the Washoe County Board of Adjustment approve Special Use Permit Case Number SB14-008 for the Truckee Meadows Water Authority, having made all five findings in accordance with Washoe County Development Code Section 110.810.30. Member Lawrence seconded the motion which
carried unanimously.

The motion was based on the ability to make all five of the following findings:

1. **Consistency.** That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Verdi Area Plan;

2. **Improvements.** That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven;

3. **Site Suitability.** That the site is physically suitable for a public service yard, and for the intensity of such a development;

4. **Issuance Not Detrimental.** That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area;

5. **Effect on a Military Installation.** Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.

Chair Toulouse opened the public hearing; no disclosures were made by members of the Board. Roger Pelham started by addressing the recent move of the Washoe/Storey County boundary line in this area which would reduce Washoe County’s jurisdiction to ±2 acres. Roger went on to review his staff report dated July 15, 2014. As there were no requests to provide testimony, Chair Toulouse closed the public hearing.

Member Lawrence moved, that after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, to the extent that Washoe County has jurisdiction, the Washoe County Board of Adjustment approve with conditions Special Use Permit Case Number SB14-012 for The Nature Conservancy, having made all five findings in accordance with Washoe County Development Code, Section 110.810.30.

The motion was based on the following findings:

1. **Consistency.** That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Truckee Canyon Area Plan;

2. **Improvements.** That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven;

3. **Site Suitability.** That the site is physically suitable for grading to facilitate river restoration, and for the intensity of such a development;

4. **Issuance Not Detrimental.** That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area; and

5. **Effect on a Military Installation.** Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.

**Agenda Item 8.D.**

- **Parcel Size:** ±.75 and ±1.06 acres
- **Master Plan Category:** Suburban Residential (SR)
- **Regulatory Zone:** Low Density Suburban (LDS)
- **Area Plan:** Southwest Truckee Meadows
- **Citizen Advisory Board:** South Truckee Meadows/Washoe Valley
Chair Toulouse opened the public hearing; two disclosures were made by the members. Lee Lawrence is an acquaintance of Steve Perez and Robert Wideman used to work with Steve Cohen. Ms. Monsalve reviewed her staff report dated July 25, 2014.

Ken Krater, the professional consultant, spoke about the attempts to mitigate the impact of the development by having two buildings, the flow-through parking lot, building design to fit the area and meeting with Hunsberger Elementary Schools principal and the school district to address possible parking and traffic issues. He also wanted to write up CC&Rs for the tenants to maintain agreements for the upkeep of the property.

Mike Boster, Washoe County School District, voiced concern about traffic and equipment during construction of the Neighborhood Center as there are 794 students at Hunsberger Elementary School.

There were seven individuals who asked to speak and a petition with 131 signatures all in opposition of the project. Donna F. Perez spoke in opposition to the Neighborhood Center. She was concerned with only partial occupancy of the buildings, not enough patrons for the shops and potential vacant buildings would become a “blight” to the neighborhood. Bob Hoffman is opposed to the project. He likes the “land, animals, forest, trees and overall ambiance of the area”. He would like the area to “stay natural”. Howard Buchler likes the “residential integrity” of the neighborhood. He opposes the project due to possible “safety, traffic, noise and crime” issues. He stated that the developer has not given any ideas as to what businesses will occupy the buildings so he asked, “how can we think this is good”. Steven Perez said that previously a fire station was supposed to occupy the property but was opposed because of the increase in traffic in that area, near a school. He is opposed as the Neighborhood Center will be adding traffic. He is also concerned this will “become a blighted area”. Steve Cohen is the parent of a child who previously attended Hunsberger Elementary School and is concerned about the future attendees of the school. He’s concerned about the traffic, mainly the entrance to the Neighborhood Center being directly across from the entrance to the Elementary School. He’s concerned about parking issues during school events as parents will be parking in the Neighborhood Centers parking lot blocking access to the business in the Center. He voiced concern about businesses being viable and sustainable. Bill Kockenmeister voiced his view as “developer vs. residents”. He believes the Neighborhood Center won’t last and “an empty Neighborhood Center is detrimental to the neighborhood”. Leona Kockenmeister took part in gathering the signatures for the petition. She is concerned about the children crossing the street walking to and from school with the increase in traffic. She asks the Board to deny the application. Board members shared their concerns. Member Wideman voiced concerns about the impact to the school children and traffic with the driveways being right across from each other. He was unable to support as he was not able to make Finding Four. Member Lawrence said, “school activities will bomb the Neighborhood Center’s parking lot” and
the school addressing any parking issues with the Center's property manager would cause administrative problems that aren't necessary for the school to have to address. He said he "cannot support" the project. Member Hill said she "supports the surrounding neighbors". She "cannot support" the project. Chair Toulouse voiced the project was "detrimental to the community". He "cannot support" the project. Chair Toulouse closed the public hearing.

Member Wideman moved to deny the motion to approve with conditions. Stating finding number Four had not been met. Member Hill seconded the motion which carried unanimously.

The motion failed due to the Board's inability to make all of the following findings, specifically Finding Four:

1. **Consistency.** That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Southwest Truckee Meadows Area Plan.

2. **Improvements.** That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven.

3. **Site Suitability.** That the site is physically suitable for a neighborhood center, and for the intensity of such a development.

4. **Issuance Not Detrimental.** That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area, and

5. **Effect on a Military Installation.** Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.

9. **Chair and Board Items**

   A. **Election of Officers: Board of Adjustment Chair and Vice Chair**

      Chair Toulouse moved to appoint Lee Lawrence as Chair of the Board of Adjustment and Member Lawrence accepted. The motion was seconded by Member Wideman and passed by a vote of four in favor and none opposed.

      Outgoing Chair Toulouse passed the gavel to incoming Chair Lawrence, who thanked the Board.

      Member Toulouse moved to appoint Robert Wideman as Vice Chair of the Board of Adjustment and Member Wideman stated he would be honored. The motion was seconded by Member Hill and passed by a vote of four in favor and none opposed.

   B. **Report on Previous Board of Adjustment (BOA) Items**

      None.

   C. **Future Agenda Items and Staff Reports**

      None
10. Director's Items
   A. *Legal Information and Updates

   Mr. Whitney informed the Board of the recruitment for a District 3 Board member. There have been some inquiries but none are qualified as they don't reside in the unincorporated County. Applications are on the County website.

11. Public Comment

   As there was no response to the call for public comment, Chair Toulouse closed the public comment period.

12. Adjournment

   The meeting adjourned at 3:09 p.m.

Respectfully submitted,
