Administrative Permit Definition

The purpose of an Administrative Permit is to provide a method of review for a proposed use which possess characteristics that requires a thorough appraisal in order to determine if the use has the potential to adversely affect other land uses, transportation or facilities in the vicinity. The Board of Adjustment or the Hearing Examiner may require conditions of approval necessary to eliminate, mitigate, or minimize to an acceptable level any potentially adverse effects of a use, or to specify the terms under which commencement and operation of the use must comply. Prior to approving an application for an administrative permit, the Hearing Examiner or the Board of Adjustment must find that all of the required findings, if applicable, are true.

The Conditions of Approval for Administrative Permit Case Number WADMIN17-0002 as Exhibit A is attached to this staff report and will be included with the Action Order, if approved by the Board.

The subject property has a regulatory zone of Parks and Recreation (PR). Based on the applicant’s estimated maximum number of attendees on any one day of the event (900), the event qualifies as an “outdoor community event” under WCC Section 25.272, which is allowed in the PR zone but requires an administrative permit under WCC Section 110.310.20. The applicant is therefore seeking approval of the administrative permit for the proposed outdoor community event. The approval of the administrative permit will also include approval of the associated outdoor community event business license.

Site Plan
Project Evaluation

Preston Field is a 5 acre community park owned and operated by Incline Village General Improvement District. The park is developed with a ball field, parking lot, playground and restroom facilities. The properties to the north, east and south (across Tahoe Boulevard) are developed as single family residences. The property to the west and northwest are public agency maintenance yards.

Surrounding Properties

The applicant is proposing to use the ball field for the sales area for the art vendors. The existing parking lot will be reserved for general parking. If approved, 2017 will mark the fourth year the event has been held at Preston Field.

The Incline Village Fine Art Festival was held at Preston Field in 2014, 2015 and 2016. During these years, the event was a two-day exhibit and included 40 vendors offering various artistic goods for. The event also included two food trucks. For 2014 to 2016, the applicant estimated no more than 500 people would attend the event each day it is held. During site inspections in 2016, staff noted that attendance was far greater than 500 and advised the event promoter that they would have to state the actual attendance numbers on any future applications. The 2017 outdoor community event application now states that the estimated attendance is approximately 900 people per day.

While the applicant did increase the number of participants, the number is only a guess and not based on any documentation. By estimating the attendance without any documentation as to how this number was determined, the applicant is avoiding the possibility of being classified as an Outdoor Festival (1,000 or more people a day), which would require additional review and
possibly more requirements. Staff’s concern over the estimated number is that the attendance number affects each agency’s ability to plan and budget for necessary services. The attendance number is used to evaluate the need for parking, sanitation, Sheriff, fire and emergency medical personal, and to determine impact to the surrounding neighborhoods. Because of the issues raised by not having a rational, justifiable estimate of the attendance, staff is recommending a condition requiring the applicant to document the attendance numbers each day of the event and file a report with Planning and Development Division staff after the event. This attendance record will then be used as a baseline for future events.

There is one parking lot at Preston Field providing 33 parking spaces. The applicant estimates patrons will stay at the event for approximately one hour. If that is the case, 33 parking spaces can accommodate 231 cars during the event hours each day. In the past, limited parking at Preston Field has resulted in overflow parking along State Route 28 which can cause traffic safety issues. The proposed Conditions of Approval for traffic and parking at the Incline Village Fine Art Festival include the preparation and approval of a parking and signage plan. The applicant should consider identifying an area for overflow parking and provide a shuttle bus from the overflow parking area to attendees.

**Incline Village/Crystal Bay Citizen Advisory Board (IV/CBCAB)**

The proposed project is scheduled to be heard at the regularly scheduled March 27, 2017 Incline Village/Crystal Bay Citizens Advisory Board. Staff will provide the Board a summary of the CAB comments at the public hearing.

**Reviewing Agencies**

The following agencies received a copy of the project application for review and evaluation.

A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order if the administrative permit is approved by the Board.

**Staff Comment on Required Findings**

Washoe County Code Section 110.808.25 requires that all of the following findings be made to the satisfaction of the Washoe County Board of Adjustment before granting approval of the administrative permit request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1. **Consistency.** That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Tahoe Area Plan.
   
   **Staff Comment:** The proposed event is a permitted use when an administrative permit and an associated business license are acquired. There are no policies and action programs in any of the relevant Washoe County Plans that are inconsistent with this use.

2. **Improvements.** That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven.
   
   **Staff Comment:** The proposed event will not create any negative impact upon the provision of utilities, sanitation, and water supply. With proper traffic management, the roadways are adequate for the event. Agency-imposed conditions will assure adequate public facilities.

3. **Site Suitability.** That the site is physically suitable for an outdoor community event, and for the intensity of such a development.
   
   **Staff Comment:** Preston Field is a community park that is regularly utilized for events. Agency comments concerning this event (as held during previous years) were favorable; the event is well organized and there have been no issues of concern, with the exception of parking. Agency-imposed conditions are intended to address parking concerns.

4. **Issuance Not Detrimental.** That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area.
   
   **Staff Comment:** The administrative permit review process ensures agencies concerned with public health, safety and welfare have provided the conditions of approval necessary for the event to be not detrimental. Surrounding properties in the area will not be negatively impacted by the event. The conditions of approval provide noise controls (no amplification)
and limited hours of operation to assure minimum impact. No surrounding property owners responded to the notice to indicate concern or objection.

5. Effect on a Military Installation. Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.

Staff Comment: There are no military installations within the required noticing distance. Therefore, this finding is not required to be made by the Board of Adjustment.

Recommendation

Those agencies which reviewed the application recommended conditions in support of approval of the project or provided no comment. Therefore, after a thorough analysis and review, Administrative Permit Case Number WADMIN17-0002 is being recommended for approval with conditions (Exhibit A). Staff offers the following motion for the Board’s consideration.

If approved, authorize the Director of Planning and Development Division, Community Services Department to issue the license when all pre-event conditions have been completed. having made all five findings in accordance with Washoe County Code Section 110.808.25:

1. Consistency. That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Tahoe Area Plan;

That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven;

At the public hearing held on April 6, 2017, as required under Washoe County Code (WCC) section 25.279, the Washoe County Board of Adjustment approved Administrative Permit Case Number WADMIN17-0002 and established conditions which must be met prior to the issuance of any outdoor community event business license, pursuant to WCC sections 25.263 to 25.307 inclusive. Such conditions are imposed for the protection of the health, welfare, safety and property of local residents and persons attending an outdoor community event such as that approved as part of WADMIN17-0002. Such conditions include, without limitation, the conditions specified in WCC sections 25.291 to 25.307, inclusive. License conditions are requirements placed on the license by each reviewing agency. These license conditions may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act.

Compliance with the conditions of this license is the responsibility of the licensee at the licensee’s expense. Failure to comply with any pre-event conditions as attached may cause Washoe County to not issue the outdoor community event business license. Failure to comply with during-event conditions as attached may cause Washoe County to take appropriate measures to revoke or suspend the outdoor community event business license. Failure to comply with post-event conditions as attached may cause Washoe County to impose more stringent conditions on, or potentially jeopardize the approval of, future outdoor community event business license applications.

Washoe County reserves the right to review and revise the approved conditions of this license should the County determine that a subsequent license of permit issued by Washoe County violates the intent of this approval.

The applicant shall submit all required plans, permits, documentation and other pertinent records or documents to the identified responsible agency. The applicant shall further provide the assigned case planner with proof of compliance with all pre-event conditions pursuant to WCC section 25.283(1) by July 21, 2017. The outdoor community event business license shall be issued when the case planner notifies the Director of the Planning and Development Division, Community Services Department, that all imposed pre-event conditions have been met.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Planning and Development Division
1. The following conditions are requirements of the Planning and Development Division, which shall be responsible for determining compliance with these conditions. Failure to comply with the conditions of approval shall render this approval null and void and may jeopardize approval of any future events by this organization. Hi Doreen,

I have taken over Joe Prutch’s case for the Incline Fine Arts Festival. I am a little confused by your email to Joe. While this is not a county sponsored event, the code requires that the applicant provide proof of insurance to the satisfaction of Washoe County Risk Management Division prior to issuance of the business license. Why are you not requiring that of this event?

Attention: Mr. Joe Prutch, Planner

Dear Mr. Prutch:

I have reviewed the request to approve an outdoor community event in the Parks and Recreation (PR) zoning district. The proposed outdoor community event would occur at Preston Field (700 Tahoe Blvd., Incline Village) on August 11-13, 2017 from 10:00 a.m. to 5:00 p.m.

• The Incline Village Art Festival event will consist of a total of thirty-nine artists and two food trucks. All canopies (10-ft by 10-ft) to display art work will remain in place for the duration of the event. Additional amenities such as toilets and trash dumpster will be delivered to the property. It’s expected that patrons of the event will not stay longer than one hour.

Nevada Department of Transportation (NDOT) District II Engineering Services has the following comments:

1. For any activities or temporary traffic control such as placement of cones, static signs, and portable electronic signs within NDOT right-of-way will require a temporary permit. Please contact the Permit Office at (775) 834-8330 for more information regarding the permit process.

2. The Nevada Revised Statutes (NRS) prohibits advertising within NDOT right-of-way. Please refer to NRS 405.110 Unlawful advertising on or near highway or on bridge. This means any signage with the event name, The Incline Village Art Festival, will not be permitted on SR 28 and SR 431 (Mt. Rose Highway). However, placing signs with the name SPECIAL EVENT, is acceptable.

NDOT recommends that the applicant place temporary advance guide signs alerting motorist of the event access. Traffic control signs must meet the federal and state standards for shape, size, and message. Please contact the Permit Office and request for a traffic engineer for assistance.

If the applicant requests to place portable electronic message signs, please contact the Permit
Office and request to speak to a traffic engineer to discuss possible locations and appropriate messages.

3. The event must provide adequate parking on the property and not rely on street parking. Parking along State Route 28 may be a safety concern to motorists, bicyclists, and pedestrians. It is the responsibility of the applicant to address the parking needs.

Thank you for the opportunity to review this proposal. NDOT reserves the right to incorporate further changes and/or comments as the review advances. Please feel free to contact me at (775)834-8300, if you have any further questions or comments.

Event Plan

The Incline Village Fine Art Festival is planned for August 11-13, 2017. The location will be Preston Field, Incline Village, NV. The event will consist of approximately 39 artists, 2 food trucks (one each day) and acoustic entertainment (no amplification, no stages). Each artist will set up their own 10’ x 10’ canopy in which they will display their original artwork over the two days.

The canopies will remain set up overnight, and there will be overnight security provided to watch over the displays.

Given the number of artists, Preston Field has ample parking for the event, has permanent toilets and hand washing facilities, and potable water available to patrons of the event. An Information/First Aid station will be set up in case of emergency.

The hours of the event be from 10 am until 5 pm. Daylight hours only, so there is no need for night time illumination. All members of the staff will have cell phones for communication. No overnight camping will be approved for Preston Field.

CWB Events will have additional toilets, a hand wash station, and a dumpster delivered to the property. Trash receptacles will be disbursed throughout the event, and will emptied as necessary.

Each food truck will be licensed, and be equipped with a fire extinguisher.

Admission and parking are free to the public.

Upon completion of the event, the artists will break down their displays beginning at 5 pm on Sunday, August 13th, and will be gone by 9 pm. The grounds will be cleaned and left in an orderly fashion.

It has been our experience that patrons of the event stay for approximately one hour and leave, therefore the parking that is available at Preston Field is more than sufficient for the traffic that is expected.

3. For a second or subsequent application by an applicant, and provided that the applicant, owner, officer and/or director have not changed, the license division or the sheriff may waive the requirements of subsection 2 of this section and modify the requirements of subsection 1 of this section as follows:
