Special Use Permit

The purpose of a Special Use Permit is to allow a method of review to identify any potential harmful impacts on adjacent properties or surrounding areas for uses that may be appropriate within a regulatory zone; and to provide for a procedure whereby such uses might be permitted by further restricting or conditioning them so as to mitigate or eliminate possible adverse impacts. If the Board of Adjustment grants an approval of the Special Use Permit, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to permit issuance (i.e. a grading permit, a building permit, etc.)
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure
- Prior to the issuance of a business license or other permits/licenses
- Some Conditions of Approval are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the business or project.

The Conditions of Approval for Special Use Permit Case Number WSUP19-0010 are attached to this staff report and will be included with the Action Order, if approved.

The subject property is designated as Neighborhood Commercial (NC). The proposed use of a new home is classified a Single Family Detached Residence which is permitted in NC with a special use permit per WCC 110.302.05.1. Therefore, the applicant is seeking approval of this SUP from the Board of Adjustment.

Project Evaluation

The applicant is pursuing a special use permit to allow the replacement of a prior dwelling with a ±1,760 sq. ft. single family dwelling on a property within a neighborhood commercial regulatory zone. A manufactured home was legally permitted on the property in December 1994. It has been removed from the property in anticipation of replacement.

Washoe County recently adopted a master plan amendment to allow for manufactured homes within the neighborhood commercial (NC) regulatory zone in the Downtown Character Management Area of the Sun Valley Area Plan with approval of a special use permit. The applicant (Mr. Bell) was actively involved in the amendment process to allow residential uses in an area that has historically allowed for manufactured housing.

The surrounding properties are all manufactured homes on lots of similar size and shape. The parcels in the immediate area have all been divided to small lots for placement of manufactured homes. The parcel is surrounded by similarly attributed parcels ±500 feet in all directions, ±2000 feet east and west. The applicant has stated that the placing of a home on the parcel will increase the value of the surrounding parcels with the decrease of vacant land. Additionally, the placement of a home on the property will help prevent it from being used as an illegal camping spot and dumping ground. The property has a fence enclosing the property that enhances the appearance of Grumpy Lane.

Sun Valley Citizen Advisory Board (SVCAB)

The Sun Valley CAB did not meet during the time period for review. A review worksheet was sent to the CAB. No comments were returned.

Staff Comment on Required Findings

WCC Section 110.810.30, Article 810, Special Use Permits, requires that all of the following findings be made to the satisfaction of the Washoe County Board of Adjustment before granting approval of the request. Staff has completed an analysis of the special use permit application and has determined that the proposal is in compliance with the required findings as follows.

1. Consistency. That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the Sun Valley Area Plan.
   Staff Comment: The proposed dwelling is consistent with the Master Plan and the Sun Valley Area Plan upon issuance of a Special Use Permit.

2. Improvements. That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven.
   Staff Comment: The proposed single family dwelling has adequate utilities, access, drainage and facilities.

3. Site Suitability. That the site is physically suitable for a detached single family dwelling and for the intensity of such a development.
   Staff Comment: The site has historically been used as a residential property with manufactured home(s) and is suitable for this application.

4. Issuance Not Detrimental. That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area.
   Staff Comment: An issuance of a special use permit will be in compliance with the Washoe County Development Code and will not do undue harm to the public, surrounding properties and area overall.

5. Effect on a Military Installation. Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.
   Staff Comment: There are no military installations near the proposed site.

Those agencies which reviewed the application recommended conditions in support of approval of the project. Therefore, after a thorough analysis and review, Special Use Permit Case Number WSUP19-0010 is being recommended for approval with conditions. Conditions of Approval
Special Use Permit Case Number WSUP19-0010

The project approved under Special Use Permit Case Number WSUP19-0010 shall be carried out in accordance with the Conditions of Approval granted by the Board of Adjustment on June 6, 2019. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act.

**Unless otherwise specified**, all conditions related to the approval of this Special Use Permit shall be met or financial assurance must be provided to satisfy the conditions of approval prior to issuance of a grading or building permit. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Building Division.

Compliance with the conditions of approval related to this Special Use Permit is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the Special Use Permit may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the conditions of approval related to this Special Use Permit should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of Approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to permit issuance (i.e., grading permits, building permits, etc.).
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project or business.

The Washoe County Commission oversees many of the reviewing agencies/departments with the exception of the following agencies.

- **The DISTRICT BOARD OF HEALTH**, through the Washoe County Health District, has jurisdiction over all public health matters in the Health District. Any conditions set by the Health District must be appealed to the District Board of Health.
• The RENO-TAHOE AIRPORT AUTHORITY is directed and governed by its own Board. Therefore, any conditions set by the Reno-Tahoe Airport Authority must be appealed to their Board of Trustees.

• The REGIONAL TRANSPORTATION COMMISSION (RTC) is directed and governed by its own board. Therefore, any conditions set by the Regional Transportation Commission must be appealed to that Board.
