Appeals of an Administrative Hearing Officer’s Decision to the Board of Adjustment

Washoe County Code (WCC) Section 110.910.15 Enforcement Procedures sets forth various enforcement procedures that may be utilized to enforce violations of any development regulation. WCC Section 110.910.15(d) Administrative Enforcement Proceedings provides an administrative enforcement option/procedure that enables an enforcement official to construe the violation of any provision in a development regulation as an administrative offense and pursue all procedures and remedies in WCC Chapter 125, Administrative Enforcement Code, subject to the following provisions:

1. Appeal to Board of Adjustment. Any aggrieved person may appeal a decision or order of an administrative hearing officer to the Board of Adjustment in accordance with the Rules of the Board of Adjustment.

WCC Chapter 125 provides administrative enforcement procedures that include a process for warnings and then escalating penalties if a violation is not corrected. These procedures also allow a violator that has received an administrative penalty notice to appeal the penalty to an administrative hearing officer in lieu of paying the penalty. The administrative hearing officer is then responsible for determining, based on the evidence presented and testimony provided at the hearing, if a violation of WCC occurred as alleged by the code enforcement officer. Administrative hearings are presided over by Washoe County Board of County Commissioner (BCC) appointed hearing officers. The hearings are informal in nature, and the hearing officer is vested by WCC Chapter 125 to dispose of the case which includes affirming, dismissing, remandiong or modifying the administrative penalty notice. Hearings procedures are limited to two matters:

125.250 Administrative hearing procedures.

2. Matters and evidence to be considered at the hearing must be relevant to:
   a. Whether the conditions described in the administrative penalty notice, stop activity order, or remediation order violate the Code, and in the case of an abatement notice, solely whether the cited violations are repeating or continuing without required compliance or remedy; and
   b. Whether the enforcement official afforded the respondent due process by adhering to the notice requirements set forth in this administrative enforcement code.

WCC Section 110.910.15(i) Appeals to the Board of Adjustment further states that pursuant to NRS 278.310, an aggrieved person may appeal an interpretation or decision of an administrative hearing officer to the Board of Adjustment subject to the following provisions:

1. Notice. The administrative hearing officer’s decision or order shall explain the right to appeal, the appeal procedure, and how to obtain forms.

2. Forms and Deadline. Unless a different time for appeal is provided in this article or another code or regulation, the appellant shall have twenty (20) calendar days from the date of service of the administrative hearing officer's decision to file an appeal. The appeal shall be prepared on forms provided by and shall be turned in to the Community Development Department or Building Official as the case may be. If an appeal is not received by the Community Development Department or Building Official by the deadline, the right to appeal is deemed waived, and the administrative proceeding may proceed.

3. The burden to establish appellant as an aggrieved party is on the appellant, and the appellant must in his/her appeal request establish by affidavit the nature and location of his or her property interest and the manner in which the property interest will be affected by the decision being appealed. The Board of Adjustment shall first determine standing to bring the appeal, and may schedule a separate public hearing for that purpose.
(4) Hearing Procedures. The timelines and procedures set out herein and the rules of the Board of Adjustment govern the appeal, except that following the public hearing, the Board of Adjustment shall either affirm, modify, reverse or remand the decision being appealed or any combination thereof, but may not award damages. A written order shall be prepared, executed by the Board of Adjustment Chair, and filed with the Secretary of the Board of Adjustment and a copy of the order shall be served on the appellant.

(5) Judicial Review of Board of Adjustment Decisions. The appellant shall have twenty-five (25) days from the later of:

(i) Filing of the order with the secretary of the Board of Adjustment, or

(ii) The date the order is mailed to the appellant.

(6) When a petition for judicial review is filed, the court rules shall govern the proceeding. This judicial review is in lieu of appeal to the Board as authorized by NRS 278.310 (3)(b).

WCC 110.912 Establishment of Commissions, Boards, and Hearing Examiners sets forth the powers and duties of the Board of Adjustment. WCC 110.912.10(j)(2) establishes matters that may be appealed to the Board or Adjustment and includes the following sub-section:

(iii) A decision of an administrative hearing officer if an administrative enforcement proceeding is completed in accordance with Article 910 of the Development Code.

WCC 110.912.10(j)(6) and (7) provide the following parameters for Board of Adjustment review of appeals:

(6) Record on Appeal; Additional Evidence. A record on appeal shall be prepared by the County (including either a transcript of or a copy of the recording of the proceeding, at the discretion of the Chairman of the Board) and the Board:

(i) Shall review the record on appeal and all evidence, testimony, documents, information and arguments introduced and the decision in the proceedings being appealed;

(ii) Shall afford all parties an opportunity to respond and present relevant and non-repetitious evidence and arguments on all issues being decided on appeal even if it is new evidence;

(iii) Shall conduct a public hearing, and hear and consider relevant information and comments by members of the public, even if they did not appear in the proceeding under appeal;

(iv) May consider, upon disclosure, information and comments communicated to Board members before the hearing; and

(v) May consider maps, adopted master plans to include area plans, and its own knowledge of conditions that exist.

(7) Burden of Proof and Persuasion; Reasons for Reversal of Underlying Decisions; Limitations on Awards.

(i) Decisions of administrative officials, hearing officers, and the technical review boards for building code and fire codes are presumed to be reasonable and lawful, and it is the burden of the appellant to persuade the Board otherwise.

(ii) On an affirmative vote of a majority of the members present at the hearing, the Board may affirm the decision being appealed,
(iii) On a majority vote of all its members [as required by NRS 278.300 (2)], the Board may reverse, modify or remand a decision if the decision:

(A) Was made contrary to the constitution, a statute, an ordinance or regulation, or the law of the case;

(B) Exceeds the jurisdiction or statutory authority of the deciding official or body;

(C) Was made on unlawful procedure;

(D) Is affected by an erroneous interpretation or other error of law;

(E) Is clearly erroneous in view of the reliable, probative and substantial evidence on the whole record, or

(F) Is arbitrary or capricious or characterized by abuse of discretion.

(iv) The Board may not award, allocate or direct the payment of money damages, attorney’s fees or costs of the proceeding to any party.
Background

An anonymous complaint was received by Code Enforcement staff on May 25, 2018, alleging that the following code violations were occurring at 5235 Carol Drive:

- junk vehicles were being stored on the property;
- someone was living in a Recreational Vehicle (RV); and,
- there was a dangerous looking structure that appeared unsafe.

Upon receiving the complaint, Code Enforcement staff created complaint case number WCMP18-01725 and began an investigation of the alleged complaint.

On May 30, 2018, Code Enforcement Officer (CEO) Brian Farmer investigated the complaint by visiting the property. CEO Farmer inspected the site and found a 6-foot fence surrounding the property, a gate was open so that we could see some of the items that were in the complaint, but the 6-foot fence prohibited CEO Farmer from being able to confirm all of the items in the complaint. CEO Farmer issue a violation for the 6-foot fence located along the front property line within the front yard setback, which is a violation of WCC Section 110.406.50(a), Fences, Walls or Perimeter Planting, Residential Use Types. On June 8, 2018, Violation Case # WVIO-PLA18-0259 was opened for a 6-foot high fence within the front yard setback and an Administrative Warning was mailed to the property owner. The warning notified the property owner of the violation and provided the necessary corrective measures and the time frame to respond before a penalty notice would be issued, which in this case was 30 days. A copy of the Administrative Warning, with pictures of the violation, is found at Tab 5A of Exhibit A (Administrative Hearing Packet). The property owner, in the meantime, did start removing the items that were in the original complaint from the property.

On July 9th the property owner Jessica Richards spoke to Planning and Building staff and stated that the previous owner John Mouchou had obtained a variance in the 1980’s which allowed for a 6-foot fence in the front yard, however, Ms. Richards was not able to locate any documentation for the variance and no such documentation was found by County staff, as well. The Code Enforcement Officer left voice messages to discuss the case, but did not receive any returned calls. The Officer also visited the property and found that no alterations had been made to the 6 foot fence. On July 18, 2018, a Penalty Notice was posted on the property, citing the violation (See Tab 5C & D of Exhibit A).

On July 23, 2018, the property owner appealed the 1st Penalty Notice, stating that the previous property owner John Mouchou was ordered in 1987, by Judge Irma Volk, Sparks Justice Court to install the 6-foot fence, to screen the property. Ms. Richards was not the property owner in 1987 (See Tab 1 of Exhibit A).

On August 15, 2018, the case was heard by Hearing Officer Elizabeth Byer. She required the following:

1. To allow the property owner 60 days to locate the records from Sparks Justice Court, concerning the requirement of the 6-foot fence; and
2. To go back to the complaint to find if there was still any issue on the property.

The case was subsequently scheduled to be heard 60 days later on October 14th, however, there was a scheduling issue and the hearing was re-scheduled to October 24th. At the hearing on October 24th the property owner was not able to provide the record from the Sparks Justice court and Washoe County Code Enforcement testified that the property had been cleaned up to the satisfaction of the anonymous complainant. The Hearing Officer requested time to make a decision and also requested a legal opinion from Washoe County to confirm that CEOs had the authority to cite a property for a violation that was not part of the original complaint. Washoe County legal counsel, Nathan Edwards, provided a legal opinion that when a CEO visits a property after a complaint is reported and other violations are found, those violations can be cited. (See Exhibit B).
On November 5, 2018, without any advance notice or discussion with code enforcement staff, the Hearing Officer issued an Administrative Order to dismiss the violation. The order stated that the original complaint of debris on the property had been removed and the anonymous complainant was resolved. The citation for the fence was stated as, “merely Washoe County Code Enforcement’s bootstrap method to have the property owner clean-up the property.” (See Exhibit A, Tab 1, page 6)

After the decision was made, Code Enforcement recommended appealing the Hearing Officer’s decision to clarify that a 6-foot fence is not allowed within the front yard setback and, therefore, violates County code. It is the opinion of staff that a Hearing Officer cannot render a decision or remedy that violates County code. This recommendation was supported by management and an appeal to the Board of Adjustment was requested by the Planning and Building Division. Since that time, the records allegedly requiring the fence by Sparks Justice Court were located; however, it only stated that a fence was advised to be installed for screening purposes and to get the proper permits from local government (See Exhibit C on date July 7th).

Analysis

WCC Chapter 110, Development Code, provisions specific to residential fences is contained within Article 406, Building Placement Standards. WCC Section 110.406.50(a) states the fencing requirements (emphasis added in bold text) and Section 110.403.30 for requirements for front yards, which is referred to in Section 110.406.50(a):

Section 110.406.50 Fences, Walls or Perimeter Planting

The maximum height for fences, walls or perimeter planting for the remainder of the residential property is six (6) feet. Where two (2) or more of a property's frontages constitute front yards on a corner lot, one (1) of the yards shall be deemed to be the main entrance and all other yards with street frontage shall be considered modified side yards where fences, walls or perimeter planting can have a maximum height of six (6) feet as long as such fences, walls or perimeter planting are located at least ten (10) feet from the modified side yard property line. After development of the lot has occurred, the yard chosen as the front yard shall remain the front yard for all further development on the lot.

(b) Interior Lots. On any interior lot in any residential land use category or, in General Rural or General Rural Agricultural land use categories, the front yard requirement shall be fifteen (15) feet where the slope of the front half of the lot is greater than a two (2) foot rise (or fall) above (or below) the established street grade for every ten (10) feet of horizontal distance. Plans submitted must be specific enough to establish conformance with these provisions.

(c) Corner Lots. On a corner lot, all yards abutting streets, other than collectors or arterials, shall be considered as front yards. Corner lots are required to have a side yard.

(d) Obstructions to Vision. There shall be no fences or other obstruction to vision more than eighteen (18) inches higher than curb level within the visibility triangle defined in Section 110.412.30, Public Safety.

(e) Architectural Features. Cornices, canopies, chimneys, eaves or other similar architectural features may extend into a required front yard not to exceed two (2) feet.

(f) Detached Garages. Detached garages may be located behind the required front setback.

(g) Decks. Decks which are less than eighteen (18) inches in height from the finished grade are not counted as a structure for front yard setback purposes.

**Possible Motion**

I move that, after giving reasoned consideration to the information contained in the staff report and information received during the public hearing, the Washoe County Board of Adjustment approve this appeal and reverse the decision of the Administrative Hearing Officer, that the appellant had not violated WCC Section 110.406.50(a), Fences, Walls or Perimeter Planting, Residential Use Types; and, authorize the Chair of the Board of Adjustment to prepare a written order of the decision and file it with the Secretary of the Board of Adjustment, a copy of which shall be served to the appellant.

**Written Decision and Appeal Process**

Washoe County will accept one-half of the administrative penalty amount as payment in full if received by the payment due date shown on this notice. If an appeal is filed before the payment due date or if you pay the penalty after the payment due date, no reduction of the penalty is available. Barbed wire or razor wire livestock fencing in front yards is allowed only on lots with a size greater than one (1) acre.

Subject: Allowable fencing at 5235 Carol Drive, Sun Valley

Mr. Farmer,

Washoe County Code Section 110.406.50 (a) identifies fencing standards for residential uses in Washoe County as follows [highlight added]:

Residential Use Types. The maximum height for fences, walls or perimeter planting is limited to four-and-one-half (4.5) feet in the required front yard setback except as noted by Section 110.406.30, Front Yards. The maximum height for fences, walls or perimeter planting for the remainder of the residential property is six (6) feet. Where two (2) or more of a property's frontages constitute front yards on a corner lot, one (1) of the yards shall be deemed to be the main entrance and all other yards with street frontage shall be considered modified side yards where fences, walls or perimeter planting can have a maximum height of six (6) feet as long as such fences, walls or perimeter planting are located at least ten (10) feet from the modified side yard property line. Barbed wire or razor wire livestock fencing in front yards is allowed only on lots with a size greater than one (1) acre.

The property at 5235 Carol Drive has a residential regulatory zone of Medium Density Suburban and is subject to the standards identified above. The required front yard setback is 20-feet. Fencing located within the front yard setback along Carol Drive is limited to 4.5-feet in height. Outside of the front yard setback, fencing is limited to 6-feet in height.

These standards are depicted on Exhibit A attached to this memo. If you have any questions, I can be reached at kmullin@washoeCounty.us or 775.328.3608.

Case Number: WVIO-PLA18-0259

Parcel Number: 085-043-18

Dear Respondent:

Based on a complaint received by this office, and a subsequent inspection of subject property, I have determined that a violation of Washoe County code exists on the property. This notice serves as a warning about the code violation and seeks your voluntary action to correct, mitigate, or remedy the code violation.

The code violation(s) found on the property and the action(s) you must take to correct the situation(s) is:

VIOLATION:

WCC Section 110.406.60 Fences, Walls or Perimeter Planting.

(a) Residential Use Types. The maximum height for fences, walls or perimeter planting is limited to four-and-one-half (4.5) feet in the required front yard setback except as noted by Section 110.406.30, Front Yards. The maximum height for fences, walls or perimeter planting for the remainder of the residential property is six (6) feet. Where two (2) or more of a property's frontages constitute front yards on a corner lot, one (1) of the yards shall be deemed to be the main entrance and all other yards with street frontage shall be considered modified side yards where fences, walls or perimeter planting can have a maximum height of six (6) feet as long as such fences, walls or perimeter planting are located at least ten (10) feet from the modified side yard property line. Barbed wire or razor wire livestock fencing in front yards is allowed only on lots with a size greater than one (1) acre.

Please correct the violations by 7/11/2018. You may contact me to request an extension of time to correct the violation. Any such request for an extension of time may be in writing to the address shown on this letter, by fax at 775-328-6133, or orally at 775-328-2312. I will only grant an extension of time if you have demonstrated reasonable progress in correcting the violation, or there are extenuating circumstances that prevent you from correcting the violation by the stated deadline. If I grant an extension of time, we will mutually develop a plan with time frames for you to correct the violation.
Memo to: Jessica Richard
Subject: Code Violation
Date: 6/8/2018
Page: 2

An administrative penalty notice will be issued if the violations are not corrected by 7/11/2018, or by the date agreed upon by me with an approved extension of time. The administrative penalty notice will result in an automatic penalty of $100. Further Administrative Penalty Notices with increased penalty amounts and additional fees may be issued without further warning if the violation is not corrected. Failure to pay the penalty may cause further action by the County Collections Office, which may include an additional $50 collection fee, potential penalties and interest, and may result in a lien on the property to recover all unpaid penalties, fees or costs.

Failure to correct the violation by the compliance date may also result in additional civil or criminal remedies after consultation with the District Attorney’s office.

Dear Respondent,

An inspection and an Administrative Enforcement Warning issued on 6/8/2018 revealed the violations noted below on the subject property. Washoe County Code Section 125.160(4) provides for issuance of an Administrative Penalty when violations noted on the Administrative Enforcement Warning are not corrected. This Administrative Penalty Notice is not a criminal proceeding.

The property was inspected on 7/18/2018 and remains in violation of the County Codes cited below. **You are hereby charged an administrative penalty of $100.** Payment of the administrative penalty does not release you from correcting the code violation that currently exists on the subject property.

Washoe County will accept one-half of the administrative penalty amount as payment in full if received by the payment due date shown on this notice. If an appeal is filed before the payment due date or if you pay the penalty after the payment due date, no reduction of the penalty is available. After the payment due date, any unpaid penalties will be turned over to the Washoe County Collections Office. A County Code required $50 collections fee will be added to the penalty and you may also be subject to additional fees, interest and all collection remedies allowed by law. All penalties and fees assessed are cumulative. Each and every instance the code violation exists constitutes a separate and distinct offense. **County Code Violations must be corrected or additional penalties may be assessed without future warnings being issued.**

1. 1. Administrative hearings are intended to be informal in nature. The receipt of evidence and the conduct of the hearing shall be in the sole discretion of the hearing officer. Each party shall have the opportunity to cross-examine witnesses and to present evidence in support of the case. Each proceeding shall be audio recorded, constitute a public record, and the recording made available to all parties within five calendar days after the hearing.

2. Matters and evidence to be considered at the hearing must be relevant to:
a. Whether the conditions described in the administrative penalty notice, stop activity order, or remediation order violate the Code, and in the case of an abatement notice, solely whether the cited violations are repeating or continuing without required compliance or remedy; and

3. Written briefs may be required or permitted before or after the hearing by written order of the hearing officer.

4. Neither the rules of evidence nor the rules of discovery of courts of the State of Nevada apply in these administrative hearings. Matters of evidence and the weight to be given evidence received at the hearing are in the sole discretion of the hearing officer. No informality in any proceeding or in the manner of taking testimony will invalidate any decision of the hearing officer.

5. An objection to the admissibility of evidence may be made by any party of record and the objection will be ruled on by the hearing officer. The hearing officer, with or without objection, may exclude inadmissible, incompetent, repetitious, or irrelevant evidence. Any evidence offered at the hearing must be material and relevant to the issues of the hearing.

6. All evidence received during the hearing shall be retained by the county as part of the record of the hearing, to include an authenticated copy of any recording or transcription by a court reporter of the hearing at the sole expense of the party recording or reporting the hearing.

Counsel will not be appointed to represent any party at County expense.

8. If the hearing officer finds that the violation of code has not occurred or a violation of code has been committed but the respondent asserts and proves one or more legal defenses to the administrative penalty notice, stop activity order, or remediation order, the hearing officer may dismiss the administrative penalty notice, stop activity order, or remediation order, and release the respondent from liability.

9. In a contested hearing, the respondent against whom the hearing officer has entered a finding of liability and has assessed a penalty, by default or otherwise, may seek judicial review thereof by filing a petition for judicial review in the district court in conformance with section 125.275 et seq of this Administrative Code.

§29, Ord. No. 1419; A. Ord. No. 1518

remediation order by contacting the administrative hearing office within 30 calendar days from
the date the stop activity order or remediation order was served. Because of their injunctive
nature, if the person who is served with a stop activity order or remediation order asks for a
hearing, an administrative hearing officer will expeditiously be appointed and a hearing will be
conducted within 30 calendar days of the receipt of the appeal by the administrative hearing
office. A stop activity order remains in effect pending the hearing. The deadline for a
remediation order is suspended pending the hearing. The hearing will be conducted in
accordance with the provisions for hearings, and the issuance, enforcement, and appeal of
administrative orders as set out in this chapter. The decision of the administrative hearing
officer may be taken directly to judicial review in accordance with this chapter at the option of
the appellant. If appeal is made to the Board of Adjustment for violation of WCC chapters 100
and 110, the decision of the Board of Adjustment is subject to judicial review in accordance
with this chapter.

9. A stop activity order or remediation order may be rescinded by the enforcement official that
issued it, by the Director of the Community Services Department, by the County Engineer, by
the County Building Official, by an administrative hearing officer, and/or by the Board of
Adjustment.

10. **Enforcement.** If a hearing is held before an administrative hearing officer or the Board of
Adjustment as provided in this chapter, then the decision or order shall be enforced as provided
for in this chapter. If a hearing is not held, the enforcement official may proceed to enforce the
stop activity order or remediation order through any of the administrative civil, or criminal
remedies provided in this chapter.

[§16, Ord. No. 1518]

125.160 **Complaints, warning, and administrative penalty notice, procedures.**

1. Any person who observes a possible violation of the Code may notify the appropriate
agency or department in person or by written communication, telephone contact, fax, or e-mail.
Such a complaint is considered a public record under the law. After receipt of a complaint, the
enforcement official will investigate the complaint if it is warranted.

2. **Warnings.** Whenever it is determined by the enforcement official that a violation of the
Code exists, that is not a serious risk to public health, safety or welfare, the enforcement official
shall start the formal enforcement process by providing to the respondent either an oral or a
written warning seeking correction, mitigation, or remedy within a time frame specified by the
enforcement official, but no more than 30 calendar days from the date the warning was served.
The enforcement official may extend this time frame at the official’s discretion to provide
additional time to complete acts required for compliance with the Code. The enforcement
official may also grant a request by the respondent for additional time to complete acts required
for compliance with the Code. Extensions of time by the enforcement official are allowed if
reasonable progress in the repair, correction, or abatement of violations is underway or there
are extenuating circumstances that prohibit compliance within the established timeline, and a
plan of action with accompanying time frames is made between the enforcement official and the
respondent.

(a) The warning shall state:

   (1) That respondent is in violation of the Code and the nature of the alleged violation, to
       include the Code citation of the violation;
   (2) The action(s) needed to correct the alleged violation;
   (3) The time given to correct the alleged violation, and that an extension of this time period
       may be requested of the enforcement official either orally or in writing:
(i) If reasonable progress in the repair, correction or abatement of violations is underway, or there are extenuating circumstances that prohibit compliance within the established timeline; and

(ii) A plan of action with accompanying time frames is made between the enforcement official and the respondent;

(4) That an administrative penalty notice will be issued at the end of that period if the violation is not corrected;

(5) That an administrative penalty will be assessed at the time of issuance of an administrative penalty notice in the amount set forth in the master administrative enforcement penalty and fee schedule adopted by the board; and

(6) That the collections office may charge and collect any subsequent fees, penalties, and costs, to include interest, or follow any administrative actions authorized by state law and/or Washoe County Code, necessary to collect unpaid fees, penalties and costs. The amount of any unpaid fee(s), penalty(ies), and/or costs may be sent to the county collections office for further action, and may result in a lien being placed on the property to recover unpaid fee(s), penalty(ies) and/or costs.

(b) If no action is taken to correct the alleged violation within the time allocated by the enforcement official under the warning, the enforcement official shall issue an administrative penalty notice in conformance with this section or, upon consultation with the district attorney’s office, seek civil or criminal remedies.

(c) The enforcement official shall determine if the alleged violation has been corrected within the time stated in the warning.

3. If, in the opinion of the enforcement official, a more urgent action is needed to safeguard public health, safety, or welfare, the official may, in lieu of a warning, issue an administrative penalty notice, issue a stop activity order and/or remediation order, or proceed with summary abatement in accordance with this chapter.

4. **Administrative penalty notice.** If the Code violation is not resolved as set forth in subsection 2 above, the enforcement official shall issue an administrative penalty notice to the respondent except when a summary abatement, stop activity order, and/or remediation order is required in accordance with this chapter. Service of this administrative penalty notice shall be made pursuant to this chapter.

5. The administrative penalty notice shall include the following information:

(a) The name and address of the respondent in violation. The notice shall contain the address, and may contain the assessor’s parcel number of the real property, when applicable.

(b) If not contained in the warning, a statement from the enforcement official identifying the conditions or conduct that violate the Code and the specific Code citation of the Code which the respondent violated.

(c) If applicable, and not contained in the warning, a list of recommended corrections to bring the property or violation into compliance.

(d) A statement that the respondent who has received an administrative penalty notice may request an administrative hearing regarding the administrative penalty notice by contacting the administrative hearing office within 30 calendar days from the date the administrative penalty notice was served. The administrative penalty notice shall also inform the person served that failure to respond to the administrative penalty notice within 30 calendar days of the date the administrative penalty notice was served shall be deemed an admission of liability and a waiver of any right to an administrative hearing.

(e) A statement of the penalty amount and that Washoe County will accept as payment in full for the administrative penalty, one-half of the authorized penalty indicated on the administrative penalty notice if payment is received within 30 calendar days of service. A respondent filing an appeal of an administrative penalty notice or paying the penalty after 30 calendar days of
service shall not be entitled to reduction of the administrative penalty provided for in this subsection. A request for an administrative hearing shall stay the required payment of the administrative penalty until the hearing is completed. Any unpaid penalties shall be turned over to the county collections office, and a collections fee, payable to the collections office for cost recovery of the unpaid penalties, shall apply. The amount of the administrative penalty and collections fee is set forth in the master administrative enforcement penalty and fee schedule adopted by the board. The penalties and any fees assessed are cumulative.

(f) The name, address, phone number, email address, and signature of the enforcement official, and any person who may be contacted to discuss or resolve the administrative penalty notice.

(g) A statement that the administrative penalty notice is not a criminal proceeding.

(h) A statement that each and every instance the act or omission exists after the deadline together with any granted extensions constitutes a separate and distinct offense.

6. The administrative penalty notice and/or an electronic facsimile thereof, must be filed with and retained by the issuing department and is deemed to be a public record of matters which are observed pursuant to a duty which is imposed by law and is prima facie evidence of the facts which are alleged therein.

7. A peace officer or enforcement official may issue an administrative penalty notice to the same respondent for a second or subsequent violation of the same ordinance within a two-year period without being required to issue a warning.

8. A peace officer or enforcement official may issue a criminal citation for a second or subsequent violation by the respondent of the same ordinance within a two-year period.

9. The administrative penalty notice may be issued by peace officer or enforcement official based upon a written and signed statement of a complaining party. In such a case, the complaining party must appear at any hearing subsequently scheduled pursuant to this chapter to testify. If the complaining party does not appear at the hearing in the case, the administrative penalty notice will be dismissed and the respondent released from liability.

10. An appeal to an administrative hearing may be requested during an administrative proceeding only after the enforcement official issues an administrative penalty notice.  
[§11, Ord. No. 1419; A. Ord. No. 1518]

125.163 Service. Documents requiring service shall be made to the respondent by personal service; by affixing the notice to the place of residence in a conspicuous place; regular U.S. Postal Service mail to the last known address of the respondent as contained on the records of the county assessor; or, if required by law, certified mail, return receipt requested, to the last known address of the respondent as contained on the records of the county assessor. Service by mail or affixation has the same force and effect and is subject to the same penalties for the disregard thereof as if the documents were personally served on the respondent. The failure of the respondent to receive any documents served in accordance with this section shall not affect the validity of any proceedings taken under this administrative enforcement code.  
[§17, Ord. No. 1518]

125.165 Administrative penalties.

1. Once the enforcement official has issued an administrative penalty notice, the enforcement official shall collect the administrative penalties as listed in the notice and pursuant to the provisions of this administrative enforcement code. The respondent served is liable for all of the penalties which are imposed pursuant to this chapter. Each and every instance that such an act or omission exists constitutes a separate and distinct offense.

2. Administrative penalties shall be imposed, enforced, collected, and reviewed in compliance with the provisions of this chapter. Administrative penalties shall be payable directly to the
Washoe County department or agency that issued the administrative penalty notice or to the administrative hearing office, unless otherwise provided in that notice. All such collected penalties shall be placed into the county’s general fund.

[§12, Ord. No. 1419; A. Ord. No. 1518]

125.170 Administrative fees, penalties and costs.
1. Administrative penalties will be assessed for a first, second or subsequent violation of the same ordinance, as contained in the master administrative enforcement penalty and fee schedule adopted by the board.
2. Administrative action fees may be assessed as contained in the master administrative enforcement penalty and fee schedule adopted by the board as part of any administrative enforcement process as set forth in this chapter.
3. If any administrative fees, penalties, or costs remain unpaid after the date stated on the notice, the amount shall be sent to the collections office. A collections fee for cost recovery of the unpaid fees, penalties or costs shall be added to the fee, penalty and cost amount. The amount of the collections fee is contained in the master administrative enforcement penalty and fee schedule adopted by the board.
4. Payment of the penalty shall not excuse the failure to correct the violations nor shall it bar further enforcement action by the county.

[§13, Ord. No. 1419; A. Ord. No. 1518]

Abatement

125.195 Abatement and procedures.

**Section 110.406.00 Purpose.** The purpose of this article, Article 406, Building Placement Standards, is to set forth the regulations governing the placement of buildings on a lot.

**Section 110.406.05 General.** The yard requirements and setback dimensions are set forth in Part Three of Table 110.406.05.1. These requirements may be modified pursuant to Article 408, Common Open Space Development. All required yard setbacks are measured from the property line with the following exceptions: (1) when an access easement traverses a portion of a property and has a total width of more than twenty (20) feet, the required yard setback is measured from the edge of the easement closest to the proposed structure; or, (2) when a Washoe County-maintained road is located outside of a recorded right-of-way or easement, regardless of the roadway width, the required yard setback shall be measured from the edge of the road.

**Section 110.406.15 Double Counting Yards.** No required yard or open space around any building shall be considered a yard or open space for any other building on an adjoining lot or parcel.

**Section 110.406.20 Combining Lots.** If two (2) or more lots must be combined to meet the minimum yard requirements of this article, the lots shall be legally merged into one (1) lot before a building permit will be issued.

After development of the lot has occurred, the yard chosen as the front yard shall remain the front yard for all further development on the lot.

(b) **Interior Lots.** On any interior lot in any residential land use category or, in General Rural or General Rural Agricultural land use categories, the front yard requirement shall be fifteen (15) feet where the slope of the front half of the lot is greater than a two (2) foot rise (or fall) above (or below) the established street.
grade for every ten (10) feet of horizontal distance. Plans submitted must be
specific enough to establish conformance with these provisions.

(c) **Corner Lots.** On a corner lot, all yards abutting streets, other than collectors or
arterials, shall be considered as front yards. Corner lots are required to have a
side yard.

(d) **Obstructions to Vision.** There shall be no fences or other obstruction to vision
more than eighteen (18) inches higher than curb level within the visibility triangle
defined in Section 110.412.30, Public Safety.

finished grade are not counted as a structure for side yard setback purposes.

(e) **Prior Zoning.** Side yard requirements for lots created under the zoning in effect
prior to May 26, 1993, may use the setbacks of the land use category
comparable to the parcel size.

(d) **Decks.** Decks which are less than eighteen (18) inches in height from the finished grade are not counted as a structure for rear yard setback purposes.

[Amended by Ord. 876, provisions eff. 7/7/93; Ord. 939, provisions eff. 11/1/95.]

**Section 110.406.45 Lot Width.**

(a) **Modification of Standards.** The Community Development Director may modify the standards of lot width to a lesser standard when, in his determination, there are compelling environmental considerations of topography or geology which necessitate a minor variation and do not result in parcel configurations inconsistent with the intent of these regulations. Such constraints may include: hillsides, creeks, wetlands, faults, rock outcroppings or other major constraints. The modification of the standard must facilitate superior building sites. This modification may not be granted for subsequent divisions of the same parcel.

(b) **Flag Lots.** The "pole" portion of any lot shall not be included either in the required minimum lot size or width calculations. The "pole" portion shall be a minimum of twenty (20) feet in width and a maximum of thirty (30) feet in width.

The maximum height for fences, walls or perimeter planting for the remainder of the residential property is six (6) feet. Where two (2) or more of a property's frontages constitute front yards on a corner lot, one (1) of the yards shall be deemed to be the main entrance and all other yards with street frontage shall be considered modified side yards where fences, walls or perimeter planting can have a maximum height of six (6) feet as long as such fences, walls or perimeter planting are located at least ten (10) feet from the modified side yard property line. Barbed wire or razor wire livestock fencing in front yards is allowed only on lots with a size greater than one (1) acre.

(b) **Commercial and Industrial Use Types.** The fences, walls or perimeter planting in commercial and industrial development adjoining residential uses shall be at least six (6) feet but not more than eight (8) feet in height, in accordance with Article 412, Landscaping. The fences, walls or perimeter planting adjoining a street may be a maximum of six (6) feet in height. The fences, walls or perimeter planting adjoining non-residential uses may be a maximum of eight (8) feet in height.

(c) **Specialty Fences.** Specialty fences are permitted in all regulatory zones with the following provisions:
(1) A specialty fence shall only be for the purposes of enclosing a tennis court, racquetball court, basketball court or other court-type recreational activity, and for exotic animals when a fence is pursuant to the issuance of a permit from the Washoe County Exotic Animal Board.

(2) A specialty fence shall comply with the following provisions:

(i) The court or enclosure for which the fence is erected shall be located entirely to the side or rear of the main structure permitted on the property.

(ii) The fence may not be greater than ten (10) feet in height.

1. Please provide to Elizabeth Byer, hearing officer for the hearing on WVIO-PLA-0259. This e-mail suffices for her request of a one page memo from the County’s legal counsel on the case (requested at the hearing on October 24, 2018).

Brian: For inclusion into the case file.

Yesterday you asked for my legal opinion about whether an enforcement official could initiate enforcement proceedings against a property owner for an apparent violation even though no complaint had been received by the official about the violation. More specifically, if an enforcement official receives a complaint about alleged violation X, but upon visiting the property observes violation Y instead, can the official initiate enforcement proceedings against the property owner for violation Y? The answer is yes.

Under Washoe County Code (WCC) section 110.910.10(d), enforcement officials are empowered to enforce development regulations “through administrative, civil or criminal remedies …” This includes a wide range of measures, such as stop activity orders, remediation orders, chapter 125 administrative enforcement proceedings, chapter 125 abatement proceedings, certain injunctive relief, cancellation of development agreements, criminal citations, revocation of permits, and “[a]ny
other remedy authorized by law.” See WCC 110.910.10(d)(1)-(9). More importantly, the “enforcement official in his/her discretion may enforce a development regulation in any manner provided in this article.” WCC 110.910.15(b).

In the scenario you have posited, it would be within the discretion of the enforcement official whether to proceed with any of the listed measures in order to address a violation of a development regulation, regardless if that violation was the reason for a complaint in the first place. Thus while complaints certainly can serve as the basis for the initiation of enforcement proceedings (see WCC 110.910.15(a)), the code does not prohibit enforcement action against violations for which no complaint has been received. Rather, that is left to the enforcement official’s discretion.

Lastly, authority to designate enforcement officials is found in WCC 110.910.05(b). The memo attached to this email functions as the official designation of the listed individuals as enforcement officials within their fields for Washoe County. Accordingly, those individuals would be vested with the discretion to exercise the enforcement powers discussed in this email.

Please let me know if you have any other questions. Thank you.
