Administrative Permit Definition

The purpose of an administrative permit is to provide a method of review for a proposed use which possess characteristics that requires a thorough appraisal in order to determine if the use has the potential to adversely affect other land uses, transportation or facilities in the vicinity. The Board of Adjustment or the Hearing Examiner may require conditions of approval necessary to eliminate, mitigate, or minimize to an acceptable level any potentially adverse effects of a use, or to specify the terms under which commencement and operation of the use must comply. Prior to approving an application for an administrative permit, the Board of Adjustment must find that all of the required findings, if applicable, are true.

The conditions of approval for Administrative Permit Case Number WADMIN19-0022 are attached to this staff report and will be included with the action order, if approval is granted.

The subject property has a regulatory zone of General Commercial. A child daycare facility is permissible in that regulatory zone, with the approval of an administrative permit by Washoe County.
Site Plan
Project Evaluation
The applicant is seeking approval of an administrative permit to allow the establishment and operation of a child daycare facility that will accommodate up to 15 children. The building is existing, at this time. There is parking and landscaping improvements that meet all generally-applicable code requirements for commercial uses. The nearest dwellings are located approximately 300 feet to the southwest of the existing building. The building is located within the “Village Center” of the Cold Springs area and is meant for neighborhood-serving uses of this type.

Staff is comfortable in recommending approval with minimal conditions of approval and with no additional exterior improvements to landscaping or parking being required. The Building Plans Examiner has provided several conditions to ensure compliance with generally-applicable building code standards, for a use of this type.

North Valleys Citizen Advisory Board (NVCAB)
This administrative permit was considered by the North Valleys CAB at their regular meeting of January 13, 2020. The CAB recommended approval with very little discussion and did not recommend any conditions of approval. The minutes of that meeting will be provided to the BOA at the public hearing.

Reviewing Agencies
The following agencies received a copy of the project application for review and evaluation.

- Washoe County Community Services Department
  - Engineering and Capital Projects Division
  - Parks and Open Spaces
  - Planning and Building Division
  - Utilities/Water Rights
- Washoe County Health District
  - Vector-Borne Diseases Program
  - Environmental Health Services Division
- Truckee Meadows Fire Protection District
- Washoe County Sheriff
- Regional Transportation Commission
- Washoe – Storey Conservation District
- City of Reno
- City of Sparks

Two out of the twelve above-listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The conditions of approval document is attached to this staff report and will be included with the Action Order, if approved.

Washoe County Planning and Building Division addressed several requirements for compliance with building code, the need for a “will-Serve” letter from the water utility and minimal conditions to ensure consistency with the plans reviewed as part of this Administrative Permit application.

**Staff Comment on Required Findings**

WCC 110.808.25 requires that all of the following findings be made to the satisfaction of the Washoe County Board of Adjustment before granting approval of the administrative permit request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1. **Consistency.** That the proposed use is consistent with the action programs, policies, standards and maps of the Master Plan and the North Valleys Area Plan.

   **Staff Comment:** There are no policies or action programs within the North Valleys Area Plan that prohibit the establishment of a Child Daycare facility in the General Commercial zone. For this reason the use is consistent with the action programs, policies, standards and maps of the Master Plan and the North Valleys Area Plan.

2. **Improvements.** That adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities have been provided, the proposed improvements are properly related to existing and proposed roadways, and an adequate public facilities determination has been made in accordance with Division Seven.

   **Staff Comment:** The Child Daycare facility is proposed to be established within an existing commercial building, therefore adequate utilities, roadway improvements, sanitation, water supply, drainage, and other necessary facilities are in place at this time, and will be upgraded, as necessary, to meet generally applicable Code requirements.

3. **Site Suitability.** That the site is physically suitable for Child Daycare, and for the intensity of such a development.

   **Staff Comment:** The child daycare facility is proposed to be established within an existing commercial building. All generally applicable code requirements will be required to be met, prior to approval of any building permits. The site is suitable.

4. **Issuance Not Detrimental.** That issuance of the permit will not be significantly detrimental to the public health, safety or welfare; injurious to the property or improvements of adjacent properties; or detrimental to the character of the surrounding area.

   **Staff Comment:** The proposed child daycare facility is in a commercial area and is intended to serve the immediate neighborhood. The issuance of the permit is not significantly detrimental.

5. **Effect on a Military Installation.** Issuance of the permit will not have a detrimental effect on the location, purpose or mission of the military installation.

   **Staff Comment:** There is no military installation in the area required to be noticed for this permit. Therefore there is no detrimental effect.

Conditions of Approval
Administrative Permit Case Number WADMIN19-0022

The project approved under Administrative Permit Case Number WADMIN19-0022 shall be carried out in accordance with the conditions of approval granted by the Board of Adjustment on February 6, 2020. Conditions of approval are requirements placed on a permit or development by each reviewing agency. These conditions of approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the approval of this administrative permit shall be met or financial assurance must be provided to satisfy the conditions of approval prior to issuance of a grading or building permit. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Building Division.

Compliance with the conditions of approval related to this administrative permit is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the administrative permit may result in the initiation of revocation procedures.

Operational conditions are subject to review by the Planning and Building Division prior to the renewal of a business license each year. Failure to adhere to the operational conditions may result in the Planning and Building Division recommending that the business license not be renewed until conditions are complied with to the satisfaction of Washoe County.

Washoe County reserves the right to review and revise the conditions of approval related to this Administrative Permit should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to permit issuance (i.e., grading permits, building permits, etc.).
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “conditions of approval” are referred to as “operational conditions.” These conditions must be continually complied with for the life of the project or business.
Washoe County Conditions of Approval

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Planning and Building Division

1. The following conditions are requirements of the Planning and Building Division, which shall be responsible for determining compliance with these conditions.

   Contact: Roger Pelham, Senior Planner, 775.328.3622, rpelham@washoecounty.us

   a. The applicant shall attach a copy of the action order approving this project to all permits and applications (including building permits) applied for as part of this administrative permit.

   b. The applicant shall demonstrate substantial conformance to the plans approved as part of this administrative permit. Planning and Building shall determine compliance with this condition.

   c. The applicant shall submit construction plans, with all information necessary for comprehensive review by Washoe County, and initial building permits shall be issued within two years from the date of approval by Washoe County. The applicant shall complete construction within the time specified by the building permits. Compliance with this condition shall be determined by the Planning and Building Division.

   d. A note shall be placed on all construction drawings and grading plans stating:

      NOTE

      Should any cairn or grave of a Native American be discovered during site development, work shall temporarily be halted at the specific site and the Sheriff's Office as well as the State Historic Preservation Office of the Department of Conservation and Natural Resources shall be immediately notified per NRS 383.170.

   e. The following Operational Conditions shall be required for the life of the business:

      i. This administrative permit shall remain in effect until or unless it is revoked or is inactive for one year.

      ii. Failure to comply with any of the conditions of approval shall render this approval null and void.

      iii. All landscaping and irrigation systems shall be maintained at all times to conform with the Landscaping Section of the Washoe County Development Code for the life of the business, including the replacement of dead plants, trees, shrubs and all ground cover.

      iv. The applicant and any successors shall direct any potential purchaser/operator of the site and/or the administrative permit to meet with Planning and Building to review conditions of approval prior to the final sale of the site and/or the administrative permit. Any subsequent purchaser/operator of the site and/or the administrative permit shall notify Planning and Building of the name, address, telephone number, and contact person of the new purchaser/operator within 30 days of the final sale.

      v. This administrative permit shall remain in effect as long as the business is in operation and maintains a valid business license.
f. The proposed change of use will require a new certificate of occupancy for the space.

g. The space will require an accessible path from the parking lot into the building and throughout the primary function areas.

h. A fire alarm and suppression system is required throughout the entire building or the new space will be required to be separated from the remainder of the building with a rated fire wall.

i. Additional corrections to building plans may be issued at the time of a permit review.

Washoe County Water Rights

2. The following conditions are requirements of the Washoe County Community Services Department, Water Management Planner, who shall be responsible for determining compliance with this condition.

Contact: Vahid Behmaram, Water Management Planner Supervisor, 775.328.3600, vbehmaram@washoecounty.us

a. The applicant shall provide a will serve letter in support of the proposed project, or an acknowledgment letter from Great Basin Water Company, the water supplier, indicating that sufficient water rights are available to the proposed project, and that all other conditions of water service, including any fees (if applicable) or infrastructure needs has been satisfied, prior to issuance of a building permit.

No construction is purposed.

6. What physical characteristics of your location and/or premises are especially suited to deal with the impacts and the intensity of your proposed use?

Suite #103 has two rooms that will be utilized as sleeping areas for the children. A main room that will serve as a play area, a kitchen/break room, bathroom, and office.

7. What are the anticipated beneficial aspects or effect your project will have on adjacent properties and the community?

This location will increase the availability of child care in the Woodland Village community.

8. What will you do to minimize the anticipated negative impacts or effect your project will have on adjacent properties?

This project will be located in Suite #103, in an existing building. I do not anticipate that there will be negative impacts, as the property owner of the entire neighborhood has approved this use.

9. Please describe any operational parameters and/or voluntary conditions of approval to be imposed on the administrative permit to address community impacts.
10. How many improved parking spaces, both on-site and off-site, are available or will be provided? (Please indicate on site plan.)

There are 61 on-site parking spaces, and additional street parking. Please refer to page 3 for parking depiction.

11. What types of landscaping (e.g., shrubs, trees, fencing, painting scheme, etc.) are proposed? (Please indicate location on site plan.)

Changes to the landscaping are not purposed.

12. What type of signs and lighting will be provided? On a separate sheet, show a depiction (height, width, construction materials, colors, illumination methods, lighting intensity, base landscaping, etc.) of each sign and the typical lighting standards. (Please indicate location of signs and lights on site plan.)

Please refer to pages 17, 18, and 19 for signage plan.

13. Are there any restrictive covenants, recorded conditions, or deed restrictions (CC&Rs) that apply to the area subject to the administrative permit request? (If so, please attach a copy.)

☐ Yes ☐ No

Signage Plan

The following pages of this section include proofs of the proposed signage plan for this Infant/Toddler Child Care Center project, Lullaby Nursery.

Please Note:

- **Signage will be limited to window decals.**
- The **dimensions** of Decal 1 will be 24” x 24”
- The **dimensions** of Decal 2 will be 12” x 18”
- The **material** of both signs (Decal 1 and Decal 2) will be of a transparent-backed vinyl, which is designed for outer glass placement.
- There will not be any additional **lighting** methods used in this signage plan, as the project location is in an already-developed building, with existing lighting methods on the exterior of the building.

Correlating Information

Refer to the directory to review the page titled “**Signage Location and Configuration**” for prints of signage placement in regards to Suite 103.
