Parcel Map

The purpose of a parcel map is to allow for the creation of subdivisions, merger and re-subdivision of existing lots, and common-interest communities consisting of four or fewer parcels pursuant to Washoe County Development Code, Article 606, Parcel Maps. A tentative parcel map must be submitted to the Planning and Development Division for the purpose of review prior to or concurrent with the final parcel map. Every tentative parcel map must be prepared by a professional land surveyor. The parcel map process exists to establish reasonable standards of design and procedures for subdividing in order to further the orderly layout and use of land and insure proper legal descriptions and monumenting of subdivided land. Additionally, the process helps to safeguard the public health, safety and general welfare by establishing minimum standards of design and development for any land division platted in the unincorporated area of Washoe County. If the Washoe County Parcel Map Review Committee grants an approval of the tentative parcel map, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that may need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure.
- Prior to the issuance of a business license or other permits/licenses.
- Some Conditions of Approval are referred to as “Operational Conditions”. These conditions must be continually complied with for the life of the project.
- Within 22 months from the date of approval of the tentative parcel map, the applicant must file a final parcel map along with any required supporting materials with the Planning and Development Division and the County Engineer showing that all conditions imposed by the Washoe County Parcel Map Review Committee have been met. Approval or conditional approval of a tentative parcel map imposes no obligation on the part of the Director of Planning & Development Division or the Board of County Commissioners to approve the final parcel map or to accept any public dedication shown on the tentative or final parcel map. Failure to submit a complete final parcel map and pay the required fees within the two year time period shall cease any further action on the map and shall render the tentative parcel map as expired.

The Conditions of Approval for Parcel Map Case Number PM15-006 is attached to this staff report and will be included with the Action Order.
Site Plan
Tentative Parcel Map Evaluation

Regulatory Zone: Medium Density Suburban
Maximum Lot Potential: 7
Number of Lots on Parcel Map: 4
Minimum Lot Size Required: 12,000 square feet
Minimum Lot Size on Parcel Map: 13,222 square feet
Minimum Lot Width Required: 80 feet
Minimum Lot Width on Parcel Map: 80.18 feet

The tentative parcel map meets all minimum requirements for the Medium Density Suburban regulatory zone.

Development Suitability Constraints: The Sun Valley Area Plan Development Suitability Map, a part of the Sun Valley Area Plan, identifies the subject parcel as most suitable for development, with the exception of a strip of flood zone across the eastern boundary of the parcel.

Hydrographic Basin: The subject parcel is within the Sun Valley Hydrographic Basin.

The subject parcel is inside the Truckee Meadows Service Area (TMSA).

Sun Valley Area Plan Modifiers

There are no Sun Valley Area Plan modifiers that are particularly applicable to the parcel map request.

Development Information

The subject parcel is developed with a single family dwelling. The required setbacks for the Medium Density Suburban zone are 20 feet for front and rear yard setbacks and eight (8) feet for the side yard setbacks. The single-family dwelling and all structures meet the above-mentioned setbacks.

Reviewing Agencies

The following agencies received a copy of the project application for review and evaluation.

- Nevada State Environmental Protection
- Washoe County Community Services Department
  - Planning and Development Division
  - Engineering
  - Roads
  - Sewer
  - County Surveyor
- Washoe County Sheriff’s Office
- Washoe County Health District
  - Air Quality Management Division
  - Environmental Health Services Division
- Truckee Meadows Fire Protection District
- Regional Transportation Commission
- Sun Valley General Improvement District

Four out of the 12 above listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order.

Washoe County Planning and Development requires that the final map be in substantial compliance with all plans and documents submitted with the tentative parcel map.

Contact: Roger Pelham, 328-3622, rpelham@washoecounty.us

- Washoe County Engineering requires several technical corrections to the tentative parcel map.

Staff Comment on Required Findings

Washoe County Development Code, Section 110.606.30 (i) of Article 606, Parcel Maps, requires that all of the following findings be made to the satisfaction of the Washoe County Parcel Map Review Committee before granting approval of the request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1) General improvement considerations for all parcel maps including, but not limited to:

   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal.

      Staff Comment: The proposed map has been reviewed by Health District and appropriate conditions of approval have been provided.

   b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision.

      Staff Comment: The resultant parcels will be served by a community sewer system.

   c) The availability and accessibility of utilities.

      Staff Comment: Utility infrastructure is available on, and adjacent to, the site.

   d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks.
Staff Comment: These applications were reviewed by all interested agencies and appropriate conditions of approval from those agencies have been included with the recommendation.

e) Conformity with the zoning ordinances and master plan.
   Staff Comment: Lot size and residential density of the proposed map is in conformance with the zoning and master plan.

f) General conformity with the governing body’s master plan of streets and highways.
   Staff Comment: The proposed development will be served by existing paved public roadways.

g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision.
   Staff Comment: The proposed development will be served by existing paved public roadways.

h) Physical characteristics of the land such as floodplain, slope and soil.
   Staff Comment: The land is designated as “most suitable” for development in the master plan.

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive.
   Staff Comment: All recommended conditions of approval have been included in the proposed conditions of approval.

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands.
   Staff Comment: The map has been reviewed by the Truckee Meadows Fire Protection District and conditions of approval have been included

k) Community antenna television (CATV) conduit and pull wire.
   Staff Comment: Utility easements are proposed to service all lots.

l) Recreation and trail easements.
   Staff Comment: Recreation and trail easements are not proposed to be established as part of the proposed map.

Recommendation

Those agencies which reviewed the application, recommended conditions in support of approval of the tentative parcel map. Therefore, after a thorough analysis and review, Parcel Map Case Number PM15-006 is being recommended for approval with conditions. Staff offers the following motion for the Parcel Map Review Committee’s consideration.
Review Criteria

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Parcel Map Case Number PM15-006 for Jauron Family, which has determined that the following criteria is or will be adequately provided for pursuant to Washoe County Development Code, Section 110.606.30: General improvement considerations for all parcel maps including, but not limited to:

a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal;

b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision;

c) The availability and accessibility of utilities;

d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks;

e) Conformity with the zoning ordinances and master plan;

f) General conformity with the governing body’s master plan of streets and highways;

g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision;

h) Physical characteristics of the land such as floodplain, slope and soil;

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive;

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands;

k) Community antenna television (CATV) conduit and pull wire; and

l) Recreation and trail easements.

Appeal Process

For 30 days following the notification of decision, the decision of the Parcel Map Review Committee may be appealed to the Board of County Commissioners.

Conditions of Approval
Parcel Map Case Number PM15-006

The tentative parcel map approved under Parcel Map Case Number PM15-006 shall be carried out in accordance with the Conditions of Approval granted by the Washoe County Parcel Map Review Committee on March 12, 2015. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act.

Unless otherwise specified, all conditions related to the approval of this tentative parcel map shall be met or financial assurance must be provided to satisfy the conditions of approval prior to the recordation of a final parcel map. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Development Division.

Compliance with the Conditions of Approval related to this tentative parcel map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the tentative parcel map may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the Conditions of Approval related to this tentative parcel map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of Approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions”. These conditions must be continually complied with for the life of the project.

The Washoe County Commission oversees many of the reviewing agencies/departments with the exception of the following agencies.

- The DISTRICT BOARD OF HEALTH, through the Washoe County Health District, has jurisdiction over all public health matters in the Health District. Any conditions set by the Health District must be appealed to the District Board of Health.
• The RENO-TAHOE AIRPORT AUTHORITY is directed and governed by its own Board. Therefore, any conditions set by the Reno-Tahoe Airport Authority must be appealed to their Board of Trustees.

• The REGIONAL TRANSPORTATION COMMISSION (RTC) is directed and governed by its own board. Therefore, any conditions set by the Regional Transportation Commission must be appealed to that Board.

• The NEVADA DEPARTMENT OF TRANSPORTATION (NDOT) is directed and governed by its own board. Therefore, any conditions set by the Nevada Department of Transportation must be appealed to that Board.

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Community Services Department

1. The following conditions are requirements of the Planning and Development Division, which shall be responsible for determining compliance with these conditions.

   Contact: Roger Pelham, Senior Planner, 775.328.3622, rpelham@washoecounty.us
   a. The final map shall be in substantial compliance with all plans and documents submitted as part of this tentative parcel map application, and with any amendments imposed by the Parcel Map Review Committee. All documentation necessary to satisfy the conditions noted below shall accompany the final map when submitted to the County Engineer and the Planning and Development Division.
   b. The applicant shall comply with all the conditions of approval and shall submit a final map for signature by the Director of the Planning and Development Division within 22 months from the date of approval by the Parcel Map Review Committee. Each agency responsible for imposing conditions may determine whether its conditions must be fully completed or whether the applicant shall be offered the option of providing financial assurances as a means of assuring compliance.
   c. The final map shall contain the following jurat:

      DIRECTOR OF PLANNING AND DEVELOPMENT CERTIFICATE
      THE FINAL PARCEL MAP CASE NO. PM15-006 MEETS ALL APPLICABLE STATUTES, ORDINANCES AND CODE PROVISIONS; IS IN SUBSTANTIAL CONFORMANCE WITH THE TENTATIVE MAP AND ITS CONDITIONS, WHICH ARE INCORPORATED HEREIN BY THIS REFERENCE, AND THOSE CONDITIONS HAVE BEEN SATISFIED FOR RECORDATION OF THIS MAP. THE OFFER(S) OF DEDICATION IS (ARE) REJECTED AT THIS TIME, BUT WILL REMAIN OPEN IN ACCORDANCE WITH NEVADA REVISED STATUTES CHAPTER 278.

      THIS FINAL MAP IS APPROVED AND ACCEPTED THIS ______ DAY OF __________, 20______, BY THE DIRECTOR OF PLANNING AND DEVELOPMENT OF WASHOE COUNTY, NEVADA, IN ACCORDANCE WITH NEVADA REVISED STATUTES 278.471 THROUGH 278.4725.
d. Any regulations, procedures, and conditions adopted by the Washoe County Health District must be met prior to recordation of a final map.

e. The applicant shall provide verification to the Planning and Development Division that all conditions from the Truckee Meadows Fire Protection District have been satisfied.

f. The applicant has indicated that the proposed improvements will not exceed the major grading thresholds that require a special use permit. If the final construction drawings for the map include grading that exceeds the Major Grading Permit Thresholds listed in Article 438 Grading Standards, the applicant shall apply for a special use permit for grading; and if approved, may be delayed up to three months processing time. In addition, all related standards within the Washoe County Development Code shall be met on the construction drawings. Compliance shall be determined by the Planning and Development Division.

g. The approval for this tentative parcel map does not include improvements for driveways to building pads. Grading for access to building pads, if they exceed the criteria stated in the previous condition, shall require a special use permit. Compliance shall be determined by the Planning and Development Division.

Washoe County Engineering and Capital Projects

2. The following conditions are requirements of the Engineering and Capital Projects, which shall be responsible for determining compliance with these conditions.

Contact: Mike Gump, PLS, 775.325.8033, mgump@washoecounty.us

a. Provide exhibit of how a house and garage can be placed on Parcels B and C meeting setbacks and be outside of the floodway and outside the existing 10’ PUE.

b. Add Community Development Certificate.

c. Add a Water Rights Dedication Certificate.

d. Add the FEMA floodplains and floodways to the map. No structures or development allowed in the floodway.

e. Add the following note to the map: Any structures within a FEMA flood zone must comply with the Washoe County Development Code Article 416.

f. Remove debris from the proposed division.

g. Any access way shall be upgraded to a gravel road that will allow emergency vehicle travel, issuance of a building permit and take drainage into consideration. Submit plans for review and approval.

h. Comply with the conditions of the Washoe County technical check for this map.

i. All private driveway approaches onto County roadways for two (2) residences or less shall be constructed in accordance with Washoe County Standard Details Drawings W-5.1, W-5.2, or W-5.3, whichever applies.
Washoe County Health District

3. The following conditions are requirements of Washoe County Health District, which shall be responsible for determining compliance with these conditions. The District Board of Health has jurisdiction over all public health matters in Washoe County Health District. Any conditions set by Washoe County Health District must be appealed to the District Board of Health.

☐ Yes ☐ No If yes, include a separate set of attachments and maps.

11. Does property contain geologic hazards such as active faults; hillside or mountainous areas; is it subject to avalanches, landslides, or flash floods; is it near a water body, stream, Significant Hydrologic Resource as defined in Article 418, or riparian area such as the Truckee River, and/or an area of groundwater recharge.

☐ Yes ☐ No If yes, include a separate set of attachments and maps.

12. Does the tentative parcel map involve common open space as defined in Article 408 of the Washoe County Development Code? (If so, please identify all proposed non-residential uses and all the open space parcels.)

☐ Yes ☐ No If yes, include a separate set of attachments and maps.

13. If private roads are proposed, will the community be gated? If so, is a public trail system easement provided through the subdivision?

No gates

14. Is the subject property located adjacent to an existing residential subdivision? If so, describe how the tentative map complies with each additional adopted policy and code requirement of Article 434, Regional Development Standards within Cooperative Planning Areas and all of Washoe County, in particular, grading within 50 and 200 feet of the adjacent developed properties under 5 acres and parcel matching criteria:

The only grading will be the individual house pads to be brought into compliance with flood plain requirements. The access road will be at grade in the center of the development.

15. Are there any applicable policies of the adopted area plan in which the project is located that require compliance? If so, which policies and how does the project comply?

☐ Yes ☐ No If yes, include a separate set of attachments and maps.

16. Are there any applicable area plan modifiers in the Development Code in which the project is located that require compliance? If so, which modifiers and how does the project comply?

There are none

17. Is the project subject to Article 418, Significant Hydrologic Resources? If yes, please address Special Review Considerations within Section 110.418.30 in a separate attachment.

☐ Yes ☐ No If yes, include a separate set of attachments and maps.
Grading

Please complete the following additional questions if the project anticipates grading that involves:
(1) Disturbed area exceeding twenty-five thousand (25,000) square feet not covered by streets, buildings and landscaping; (2) More than one thousand (1,000) cubic yards of earth to be imported and placed as fill in a special flood hazard area; (3) More than five thousand (5,000) cubic yards of earth to be imported and placed as fill; (4) More than one thousand (1,000) cubic yards to be excavated, whether or not the earth will be exported from the property; or (5) If a permanent earthen structure will be established over four and one-half (4.5) feet high. If your project exceeds any of the above criteria, you shall either provide a preliminary grading and roadway design plan for review OR if these criteria are exceeded with the final construction drawings and not disclosed at the Tentative Parcel Map Application, you shall be required to apply for a special use permit for grading and you will be delayed up to three months, if approved.

18. How many cubic yards of material are you proposing to excavate on site?

N/A

19. How many cubic yards of material are you exporting or importing? If exporting of material is anticipated, where will the material be sent? If the disposal site is within unincorporated Washoe County, what measures will be taken for erosion control and revegetation at the site? If none, how are you balancing the work on-site?

N/A

20. Can the disturbed area be seen from off-site? If yes, from which directions, and which properties or roadways? What measures will be taken to mitigate their impacts?

N/A
21. What is the slope (Horizontal/Vertical) of the cut and fill areas proposed to be? What methods will be used to prevent erosion until the revegetation is established?

N/A

22. Are you planning any berms and, if so, how tall is the berm at its highest? How will it be stabilized and/or revegetated?

N/A

23. Are retaining walls going to be required? If so, how high will the walls be, will there be multiple walls with intervening terracing, and what is the wall construction (i.e. rockery, concrete, timber, manufactured block)? How will the visual impacts be mitigated?

N/A

24. Will the grading proposed require removal of any trees? If so, what species, how many, and of what size?

N/A
25. What type of revegetation seed mix are you planning to use and how many pounds per acre do you intend to broadcast? Will you use mulch and, if so, what type?

N/A

26. How are you providing temporary irrigation to the disturbed area?

N/A

27. Have you reviewed the revegetation plan with the Washoe Storey Conservation District? If yes, have you incorporated their suggestions?

N/A
