- **Staff:** Roger Pelham, MPA, Senior Planner  
  Washoe County Community Services Department  
  Planning and Development Division

- **Phone:** 775.328.3622

- **E-Mail:** rpelham@washoecounty.us

Angela Fuss, with CSA representing TMWA, requested to modify condition 1(c) so the parcel map will move forward and at the same time the Regulatory Zone Amendment (RZA) will be being processed. The issue with this is; a long time ago when this was under Washoe County Water Resources’ (WCWR) jurisdiction there was a different owner of this parcel and that owner worked with
WCWR and were going to record a deed that would make this fall under WCWR so it wasn't a well on private property. The document was signed but never recorded. Today the property is owned by a different family and the well is owned by TMWA due to the WCWR/TMWA consolidation. With the history, it would be cleaner and easier if this could record as a parcel and get it under TMWA’s ownership as a separate parcel. TMWA plans on moving forward with the zone change in a timely manner they just need to get the parcel map recorded as fast as possible.

Mr. Pelham responded he didn’t disagree with anything Angela had to say, unfortunately, per the development code, the ±2 acre portion is zoned general rural (GR) which is already smaller than the minimum lot size of 40 acres which is allowed in GR and per the development code we can’t create a sub-standard or non-conforming parcel. It’s already smaller than 40 acres and we can’t make it any smaller.

Ms. Fuss asked if they could apply for a Director’s Modification. Mr. Pelham said no, a Director’s Modification is limited to Article 412, Landscaping and Article 410, Parking and Loading.

Ms. Fuss inquired, if TMWA was to appeal this would it go to the Board of County Commissioner’s (BCC). Mr. Pelham said yes. Ms. Fuss asked if that was an option; for the BCC to appeal PMRC’s decision. Mr. Pelham said an appeal was a possibility but by operation of the code we still have something smaller than 40 acres they would still have to follow code.

DDA Nathan Edwards agreed that conceptually the project makes sense but legally speaking the County can’t create a lot that doesn’t meet the minimum lot size. He and Mr. Pelham came up with the conditioning for a zone change, in the future. If an appeal went to the BCC the advice would be the same.

Heather Edmunson, with TMWA, said the taxes are going to move to a new season where they need to be paid up front and the property owners pay quarterly.

As there was no response to the call for public comment, the comment period was closed.

Timothy Simpson moved that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Parcel Map Waiver Case Number PM16-001 for Truckee Meadows Water Authority, subject to the conditions of approval as listed in the staff report, and make the determination that the following criteria is or will be adequately provided for pursuant to Washoe County Development Code, Section 110.606.75. Mike Gump seconded the motion which carried unanimously.

The motion carried and considered the following criteria:

(a) Conformity with Laws. That the proposed minor subdivision conforms with Chapter 278 of NRS and this Development Code;

(b) Conformity with Regulations. That the proposed minor subdivision conforms to state and County requirements as to area, improvement and design, and flood water drainage control;

(c) Environmental Effects. That the proposed minor subdivision will not have an adverse effect on the environment;

(d) Conformity with Master Plan. That the proposed minor subdivision conforms to the Washoe County Master Plan, including the area plans and any specific plans adopted by the County;

(e) Change in Nonconformity. That no existing nonconformity with the other divisions in this Development Code will be increased;

(f) Conformity with Other Ordinances. That the proposed minor subdivision conforms with all other County ordinances;

(g) Lack of Need. That unusual circumstances exist so that a parcel map is not necessary to insure proper legal description of property, location of property lines and monumenting of property lines; and
(h) **Facilities.** That appropriate improved public roads, adequate sanitary disposal facilities, and adequate water supplies are available.

8. **Reports and Future Agenda Items**
   A. **Legal Information and Updates**

   None

9. **Public Comment**

   With no response to the call for public comment, the period was closed.

10. **Adjournment**

    Ms. Ray made the motion to adjourn at 2:16 p.m. Mike Gump seconded the motion.

    Respectfully submitted,

    ____________________________________________
    Donna Fagan, Recording Secretary
