Parcel Map

The purpose of a parcel map is to allow for the creation of subdivisions, merger and re-subdivision of existing lots, and common-interest communities consisting of four or fewer parcels pursuant to Article 606, Parcel Maps, of the Washoe County Development Code. A tentative parcel map must be submitted to the Planning and Development Division for the purpose of review prior to or concurrent with the final parcel map. Every tentative parcel map must be prepared by a professional land surveyor. The parcel map process exists to establish reasonable standards of design and procedures for subdividing in order to further the orderly layout and use of land and insure proper legal descriptions and monumenting of subdivided land. Additionally, the process helps to safeguard the public health, safety and general welfare by establishing minimum standards of design and development for any land division platted in the unincorporated area of Washoe County. If the Washoe County Parcel Map Review Committee grants an approval of the tentative parcel map, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that may need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure.
- Prior to the issuance of a business license or other permits/licenses.
- Some Conditions of Approval are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.
- Within 22 months from the date of approval of the tentative parcel map, the applicant must file a final parcel map along with any required supporting materials with the Planning and Development Division and the County Engineer showing that all conditions imposed by the Washoe County Parcel Map Review Committee have been met. Approval or conditional approval of a tentative parcel map imposes no obligation on the part of the Director of Planning and Development Division or the Board of County Commissioners to approve the final parcel map or to accept any public dedication shown on the tentative or final parcel map. Failure to submit a complete final parcel map and pay the required fees within the two year time period shall cease any further action on the map and shall render the tentative parcel map as expired.

The Conditions of Approval for Tentative Parcel Map Waiver Case Number PM16-001 are attached to this staff report and will be included with the Action Order.

Tentative Parcel Map Waiver Evaluation

Regulatory Zones: General Rural (GR) and Medium Density Rural (MDR)

Maximum Lot Potential: 2

Number of Lots on Parcel Map: 2

Minimum Lot Size Required: 40 and 4 acres

Minimum Lot Size on Parcel Map: 2.07 acres

Minimum Lot Width Required: 660 and 200 feet

Minimum Lot Width on Parcel Map: 300 feet

The tentative parcel map waiver does not meet all minimum requirements for the GR and MDR regulatory zones, however this waiver request is intended to create a parcel for a public utility and for the public benefit, a condition of approval has been included to require a regulatory zone amendment to the Public and Semi-Public Facilities (PSP) zone prior to recordation of a final map. The proposed map is in conformance with the PSP zone. There is no guarantee about the outcome of a zoning amendment request. The applicant is subject to the ordinary review and approval process. It is the opinion of staff that the Parcel Map Review Committee can make the findings of fact as required by the Development Code Section 110.606.75, for approval of a Parcel Map Waiver. Those findings are:

The requirement for filing a parcel map for minor subdivisions may be waived by the Planning Commission, or an authorized subcommittee of the Planning Commission, if it finds all the following:

(a) **Conformity with Laws.** That the proposed minor subdivision conforms with Chapter 278 of NRS and this Development Code;

Staff Comment: The subject parcel is being divided to accommodate a public utility. The remainder of the parcel conforms to all dimensional requirements of the Development Code.

(b) **Conformity with Regulations.** That the proposed minor subdivision conforms to state and County requirements as to area, improvement and design, and flood water drainage control;

Staff Comment: The subject parcel is being divided to accommodate a public utility. The remainder of the parcel conforms to all dimensional requirements of the Development Code. Development of the parcel is subject to review and permitting to ensure adequate improvements, design, and flood water drainage are appropriately addressed.

(c) **Environmental Effects.** That the proposed minor subdivision will not have an adverse effect on the environment;

Staff Comment: The subject parcel is being divided to accommodate a public utility. There are no anticipated effects on the environment.

(d) **Conformity with Master Plan.** That the proposed minor subdivision conforms to the Washoe County Master Plan, including the area plans and any specific plans adopted by the County;

Staff Comment: The subject parcel is being divided to accommodate a public utility. There are no Master Plan, Area Plan or Specific Plan provisions that are particularly applicable to the proposed Parcel Map Waiver.
(e) Change in Nonconformity. That no existing nonconformity with the other divisions in this Development Code will be increased;

Staff Comment: The portion of the subject parcel that is being divided to accommodate a public utility is zoned General Rural, which has a minimum lot size of 40 acres. The area of General Rural is approximately two acres, and will remain as a two-acre parcel.

(f) Conformity with Other Ordinances. That the proposed minor subdivision conforms with all other County ordinances;

Staff Comment: Staff’s analysis indicated that the request conforms to all other county ordinances.

(g) Lack of Need. That unusual circumstances exist so that a parcel map is not necessary to insure proper legal description of property, location of property lines and monumenting of property lines;

Staff Comment: The subject parcel is being divided to accommodate a public utility and the County Surveyor will ensure that proper documentation is provided prior to approval of a final map.

(h) Facilities. That appropriate improved public roads, adequate sanitary disposal facilities, and adequate water supplies are available.

Staff Comment: A water tank that belongs to a public utility already exists on the site.

Development Suitability Constraints: The South Valleys Area Plan Development Suitability Map, a part of the South Valleys Area Plan, identifies the subject parcel as containing areas with slopes greater than 15% and greater than 30%.

The subject parcel is outside of the Truckee Meadows Service Area (TMSA).

South Valleys Area Plan Modifiers

There are no South Valleys Area Plan Modifiers that are particularly applicable to the Parcel Map Waiver request.

Development Information

The subject parcel is developed with a water tank that serves a public utility.

Reviewing Agencies

The following agencies received a copy of the project application for review and evaluation: Washoe County Community Services Department
  o Planning and Development Division
  o Engineering and Capitol Projects Division
  o County Surveyor
    • Truckee Meadows Water Authority (TMWA)
    • Truckee Meadows Fire Protection District
    • Washoe County Health District, Environmental Health Services Program
    • Regional Transportation Commission (RTC)
Four out of the seven above listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order if granted approval.

Washoe County Planning and Development requires that the final map be in substantial compliance with all plans and documents submitted with the tentative parcel map.

**Contact:** Roger Pelham, 328-3622, rpeham@washoecounty.us

- **Truckee Meadows Fire Protection District** requires that the final map meet the requirements of the applicable Fire Code.

**Contact:** Amy Ray, 326-6005, aray@tmfpd.us

- **Washoe County Health District** noted that the parcel with the water tank is not suitable for a septic system and that the remainder parcel will require evaluation for a septic system prior to development.

**Contact:** James English, 328-2434, jenglish@washoecounty.us

- **Washoe County Surveyor** provided technical correction for completion of the final map.

**Contact:** Mike Gump, 328-2041, mgump@washoecounty.us

**Recommendation**

Those agencies which reviewed the application, recommended conditions in support of approval of the tentative parcel map. Therefore, after a thorough analysis and review, Parcel Map Waiver Case Number PM16-001 is being recommended for approval with conditions. Staff offers the following motion for the Parcel Map Review Committee’s consideration.

**Motion**

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Parcel Map Waiver Case Number PM16-001 for Truckee Meadows Water Authority, subject to the conditions of approval as listed in the staff report, and make the determination that the following criteria is or will be adequately provided for pursuant to Washoe County Development Code, Section 110.606.75.(a) **Conformity with Laws.** That the proposed minor subdivision conforms with Chapter 278 of NRS and this Development Code;

(b) **Conformity with Regulations.** That the proposed minor subdivision conforms to state and County requirements as to area, improvement and design, and flood water drainage control;

(c) **Environmental Effects.** That the proposed minor subdivision will not have an adverse effect on the environment;

(d) **Conformity with Master Plan.** That the proposed minor subdivision conforms to the Washoe County Master Plan, including the area plans and any specific plans adopted by the County;

(e) **Change in Nonconformity.** That no existing nonconformity with the other divisions in this Development Code will be increased;

(f) **Conformity with Other Ordinances.** That the proposed minor subdivision conforms with all other County ordinances;

The tentative parcel map approved under Parcel Map Case Number PM16-001 shall be carried out in accordance with the Conditions of Approval granted by the Washoe County Parcel Map Review Committee on February 11, 2016. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

**Unless otherwise specified**, all conditions related to the approval of this tentative parcel map shall be met or financial assurance must be provided to satisfy the conditions of approval prior to the recordation of a final parcel map. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Development Division.

Compliance with the conditions of approval related to this tentative parcel map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the tentative parcel map may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the Conditions of Approval related to this tentative parcel map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of Approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.

The Washoe County Commission oversees many of the reviewing agencies/departments with the exception of the following agencies.

The DISTRICT BOARD OF HEALTH, through the Washoe County Health District, has jurisdiction over all public health matters in the Health District. Any conditions set by the Health District must be appealed to the District Board of Health.

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Planning and Development

1. The following conditions are requirements of the Planning and Development Division, which shall be responsible for determining compliance with these conditions.

   Contact: Roger Pelham, Senior Planner, 775.328.3622, rpelham@washoecounty.us

   a. The final map shall be in substantial compliance with all plans and documents submitted as part of this tentative parcel map application, and with any amendments imposed by the Parcel Map Review Committee. All documentation necessary to satisfy the conditions noted below shall accompany the final map when submitted to the County Engineer and the Planning and Development Division.

   b. The applicant shall comply with all the conditions of approval and shall submit a final map for signature by the Director of the Planning and Development Division within 22 months from the date of approval by the Parcel Map Review Committee. Each agency responsible for imposing conditions may determine whether its conditions must be fully completed or whether the applicant shall be offered the option of providing financial assurances as a means of assuring compliance.

   c. Prior to the approval of a final map the applicant must obtain approval of a Regulatory Zone Amendment to change the zoning on the General Rural (GR) portion of the subject parcel to Public and Semi-Public Facilities (PSP). If the Development Code is amended to allow creation of sub-standard parcels for utility purposes, this condition is waived.

   d. The final map shall contain the following jurat:

   DIRECTOR OF PLANNING AND DEVELOPMENT CERTIFICATE

   THE FINAL PARCEL MAP WAIVER CASE NO. PM16-001 MEETS ALL APPLICABLE STATUTES, ORDINANCES AND CODE PROVISIONS; IS IN SUBSTANTIAL CONFORMANCE WITH THE TENTATIVE MAP AND ITS CONDITIONS, WHICH ARE INCORPORATED HEREIN BY THIS REFERENCE, AND THOSE CONDITIONS HAVE BEEN SATISFIED FOR RECORDATION OF THIS MAP. THE OFFER(S) OF DEDICATION IS (ARE) REJECTED AT THIS TIME, BUT WILL REMAIN OPEN IN ACCORDANCE WITH NEVADA REVISED STATUTES CHAPTER 278.

   THIS FINAL MAP IS APPROVED AND ACCEPTED THIS ______ DAY OF ____________, 20____, BY THE DIRECTOR OF PLANNING AND DEVELOPMENT OF WASHOE COUNTY, NEVADA, IN ACCORDANCE WITH NEVADA REVISED STATUTES 278.471 THROUGH 278.4725.
WILLIAM WHITNEY, DIRECTOR, PLANNING AND DEVELOPMENT DIVISION

e. Any regulations, procedures, and conditions adopted by the Washoe County Health District must be met prior to recordation of a final map.

f. The applicant has indicated that the proposed improvements will not exceed the major grading thresholds that require a special use permit. If the final construction drawings for the map include grading that exceeds the Major Grading Permit Thresholds listed in Article 438, Grading Standards, the applicant shall apply for a special use permit for grading; and if approved, may be delayed up to three months processing time. In addition, all related standards within the Washoe County Development Code shall be met on the construction drawings. Compliance shall be determined by the Planning and Development Division.

g. The approval for this tentative parcel map waiver does not include improvements for driveways to building pads. Grading for access to building pads, if they exceed the criteria stated in the previous condition, shall require a special use permit. Compliance shall be determined by the Planning and Development Division.

2. The following conditions are requirements of the Engineering and Capital Projects, which shall be responsible for determining compliance with these conditions.

   Contact: Mike Gump, PLS, 775.325.8033, mgump@washoecounty.us

   a. Remove structures from the map.
   b. Provide evidence of documented access (20 foot wide minimum) that favors the Parcel 1.
   c. Provide documentation of all utility easements from the tank site to Franktown Road.
   d. The applicant shall submit a letter from a PLS certifying that the existing roadways and utilities are within the documented access and/or utility easements to Parcel 1.
   e. If tank drain pipe is outside parcel, provide easement over the pipe.
   f. Place a note on the map stating that the natural drainage will not be impeded.
   g. Comply with the conditions of the Washoe County technical check for this map.

Parcel map

Dear Mr. Pelham

The Washoe County Health District, Environmental Health Services Division (Division) Engineering and Vector have reviewed the above referenced project. Approval by this Division is subject to the following conditions:

1. The proposed parcel map that provides a parcel for the Truckee Meadows Water Authority water storage tank would not be a suitable area for an onsite sewage disposal system to be located.
2. The remaining 11.0 acre parcel will require a test trench to be evaluated prior to any proposed building plan submittal to determine the design and capacity requirements associated with the proposed development.
3. This Parcel Map is required to be signed by this Division.
4. When development occurs in the 11.0 acre parcel, the Health District may require maintenance and or improvement to the existing flood water retention structure.

If you have any questions regarding the foregoing, please call Jim English at 328-2610 or Jim Shaffer 785-4599 regarding engineering or vector comments, respectively.

Parcel Map Waiver Application
Supplemental Information

(All required information may be separately attached)

Chapter 110 of the Washoe County Code is commonly known as the Development Code. Specific references to parcel maps may be found in Article 606, Parcel Maps.

1. Identify the public agency or utility for which the parcel is being created:

   The new parcel will be for TMWA.

   a. If a utility, is it Public Utility Commission (PUC) regulated?

      Yes ☑ No

2. What is the location (address or distance and direction from nearest intersection)?

   The newly created parcel will be approximately 600' to Pine Canyon Road.

   a. Please list the following:

      | APN of Parcel | Land Use Designation | Existing Acres |
      |---------------|----------------------|----------------|
      | 055-210-15    | MDR/GR Zoning, RR/R Master Plan | 13.38 |

3. Please describe:

   a. The existing conditions and uses located at the site:

      The parcel is vacant with the exception of a TMWA domestic water tank located on the southern portion of the parcel. The site has some challenging terrain that constrains future development.
b. The existing conditions and uses in the vicinity to the north, south, east and west (i.e. vacant land, roadways, buildings, etc.):
