Parcel Map

The purpose of a parcel map is to allow for the creation of subdivisions, merger and re-subdivision of existing lots, and common-interest communities consisting of four or fewer parcels pursuant to Article 606, Parcel Maps, of the Washoe County Development Code. A tentative parcel map must be submitted to the Planning and Development Division for the purpose of review prior to or concurrent with the final parcel map. Every tentative parcel map must be prepared by a professional land surveyor. The parcel map process exists to establish reasonable standards of design and procedures for subdividing in order to further the orderly layout and use of land and insure proper legal descriptions and monumenting of subdivided land. Additionally, the process helps to safeguard the public health, safety and general welfare by establishing minimum standards of design and development for any land division platted in the unincorporated area of Washoe County. If the Washoe County Parcel Map Review Committee grants an approval of the tentative parcel map, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that may need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure.
- Prior to the issuance of a business license or other permits/licenses.
- Some Conditions of Approval are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.
- Within 22 months from the date of approval of the tentative parcel map, the applicant must file a final parcel map along with any required supporting materials with the Planning and Development Division and the County Engineer showing that all conditions imposed by the Washoe County Parcel Map Review Committee have been met. Approval or conditional approval of a tentative parcel map imposes no obligation on the part of the Director of Planning and Development Division or the Board of County Commissioners to approve the final parcel map or to accept any public dedication shown on the tentative or final parcel map. Failure to submit a complete final parcel map and pay the required fees within the two year time period shall cease any further action on the map and shall render the tentative parcel map as expired.

The Conditions of Approval for Tentative Parcel Map Case Number PM16-004 is attached to this staff report and will be included with the Action Order.

The tentative parcel map meets all minimum requirements for the Low Density Suburban regulatory zone.

Development Suitability Constraints: The South Valleys Development Suitability Map, a part of the South Valleys Area Plan, identifies the subject parcel as most suitable for development.

Hydrographic Basin: The subject parcel is within the Pleasant Valley Hydrographic Basin.

The subject parcel is in the Truckee Meadows Service Area (TMSA). The subject parcel is not near any municipal, quasi-municipal, or private water delivery infrastructure; therefore, resulting parcels will rely on Individual Domestic wells as their source of domestic water supply.

**South Valleys Area Plan Modifiers**

Goal Twenty-four: Water resources will be supplied to land uses in the South Valleys planning area according to the best principles/practices of sustainable resource development. Because all existing residences are supplied by groundwater wells, future development must be constrained to the sustainable groundwater yield of the Washoe Valley, Pleasant Valley, and other adjoining basins in the planning area, and minimize unreasonable pumping impacts to domestic wells.

**Policies**

SV.24.1 Development proposals must be consistent with Regional Water Plan Policies:

1.3.e, "Water Resource Commitments;" and, Issuance of new commitments against a water resource or combination of resources shall be made in conformance with existing State Engineer permits, certificates or orders; water purveyor rules or policies; and/or local government policies. The local governments, water purveyors, and State Engineer will seek to achieve a balance between commitments and the sustainable yield of the resources in the region.

SV.24.5 Washoe County will require all new development in the Eagle Valley, Pleasant Valley and Truckee Meadows hydrographic basins of the South Valleys planning area to use certificated or permitted water rights, and may permit imported water rights from immediately adjoining hydrographic basins, in an amount necessary to serve the development, provided all other policies under Goal 24 are applied.

SV.24.7 Water rights shall be dedicated to Washoe County for all maps of division into large parcels, parcel maps, and subdivision maps, as well as all new, civic, commercial and industrial uses.
**Staff Comment:** The State Water Engineer has determined that the applicant has water rights that can be used for the creation of the new parcel. Washoe County Water Management Planner Coordinator has the right to review and possibly reject the water rights prior to the State Engineer’s approving the use of them for the new well. The water rights shall be ground water rights, and may not be supplemental water rights to a surface water source. Based on the conditions of approval, the water rights for the creation of the new parcel address the policies listed above.

**Development Information** The subject parcel is developed with a single family house and several detached accessory structures. The required setbacks for Low Density Suburban are 30 feet for front and rear yard setbacks and 12 feet for the side yard setbacks. The single family dwelling and all structures meet the above-mentioned setbacks.

**Reviewing Agencies**

The following agencies received a copy of the project application for review and evaluation.

- Washoe County Community Services Department
  - Planning and Development
  - Engineering and Capitol Projects
  - Water Management Planner Coordinator
- Washoe County Health District
  - Vector-Borne Diseases Program
  - Environmental Health Services
- Truckee Meadows Fire Protection District
- Truckee Meadows Water Authority (TMWA)
- Regional Transportation Commission (RTC)
- Washoe-Storey Conservation District
- Nevada State, Division of Water Resources

Six out of the ten above listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order if granted approval.

**Staff Comment on Required Findings**

Section 110.606.30 (i) of Article 606, *Parcel Maps*, within the Washoe County Development Code, requires that all of the following findings be made to the satisfaction of the Washoe County Parcel Map Review Committee before granting approval of the request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1) General improvement considerations for all parcel maps including, but not limited to:
   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal.
      **Staff Comment:** The property is served by private well and septic.

   b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision.
      **Staff Comment:** The State Water Engineer noted that the applicant has water rights available. The water rights are required to be relinquished prior to recording the final map.

   c) The availability and accessibility of utilities.
      **Staff Comment:** NV Energy supplies power to this area.

   d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks.
      **Staff Comment:** The proposed parcel maps do not create a need for additional public services.

   e) Conformity with the zoning ordinances and master plan.
      **Staff Comment:** The proposed parcel map conforms to zoning requirements for lot size, and the South Valleys Area Plan.

   f) General conformity with the governing body’s master plan of streets and highways.
      **Staff Comment:** Each parcel has access from the existing private road system. The proposed parcels will each have access to Andrew Lane via Neilson Road from Theobald Road.
g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision.

*Staff Comment:* The proposed parcel map will result in the creation of one new parcel; the effect on the existing private and public streets will be minimal with no need for new streets or highways to serve this parcel map.

h) Physical characteristics of the land such as floodplain, slope and soil.

*Staff Comment:* The property is relatively flat and is outside of the floodplain.

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive.

*Staff Comment:* The application and proposed parcel map was sent to the required reviewing entities and comments, concerns and conditions they provided have been included in this report.

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands.

*Staff Comment:* The area is served by the Truckee Meadows Fire Protection District who may request additional improvements before approval of the final map.

k) Community antenna television (CATV) conduit and pull wire.

*Staff Comment:* Public utility easements are identified on the plan.

l) Recreation and trail easements.

*Staff Comment:* The subject property is surrounded by residential lots. There are no public lands or recreational opportunities adjoining or near the property, therefore no recreation or trail easements are proposed.

**Recommendation**

Those agencies which reviewed the application recommended conditions in support of approval of the tentative parcel map. Therefore, after a thorough analysis and review, Parcel Map Case Number PM16-004 is being recommended for approval with conditions. Staff offers the following motion for the Parcel Map Review Committee’s consideration.

**Review Criteria**

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Tentative Parcel Map Case Number PM16-004 for Terri Cole, subject to the conditions of approval as listed in the staff report and make the determination that the following criteria is or will be adequately provided for pursuant to Washoe County Development Code, Section 110.606.30:

1) General improvement considerations for all parcel maps including, but not limited to:

   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal;

   b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision;

   c) The availability and accessibility of utilities;
d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks;

e) Conformity with the zoning ordinances and master plan;

f) General conformity with the governing body’s master plan of streets and highways;

g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision;

h) Physical characteristics of the land such as floodplain, slope and soil;

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive;

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands;

k) Community antenna television (CATV) conduit and pull wire; and

l) Recreation and trail easements.

**Appeal Process**

Parcel Map Review Committee action will be effective 10 calendar days after the written decision is filed with the Secretary to the Parcel Map Review Committee, unless the action is appealed to the Washoe County Board of County Commissioners, in which case the outcome of the appeal shall be determined by the Board of County Commissioners. Any appeal must be filed in writing within 10 calendar days after the written decision is filed with and signed by the Secretary of the Parcel Map Review Committee and mailed to the applicant.

Conditions of Approval
Parcel Map Case Number PM16-004

The tentative parcel map approved under Parcel Map Case Number PM16-004 shall be carried out in accordance with the Conditions of Approval granted by the Washoe County Parcel Map Review Committee on May 12, 2016. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the approval of this tentative parcel map shall be met or financial assurance must be provided to satisfy the conditions of approval prior to the recordation of a final parcel map. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Development Division.

Compliance with the conditions of approval related to this tentative parcel map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the tentative parcel map may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the Conditions of Approval related to this tentative parcel map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of Approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.

The Washoe County Commission oversees many of the reviewing agencies/departments with the exception of the following agencies.

• The DISTRICT BOARD OF HEALTH, through the Washoe County Health District, has jurisdiction over all public health matters in the Health District. Any conditions set by the Health District must be appealed to the District Board of Health.

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Planning and Development

1. The following conditions are requirements of the Planning and Development Division, which shall be responsible for determining compliance with these conditions.

a. The final map shall be in substantial compliance with all plans and documents submitted as part of this tentative parcel map application, and with any amendments imposed by the Parcel Map Review Committee. All documentation necessary to satisfy the conditions noted below shall accompany the final map when submitted to the County Engineer and the Planning and Development Division.

b. The applicant shall comply with all the conditions of approval and shall submit a final map for signature by the Director of the Planning and Development Division within 22 months from the date of approval by the Parcel Map Review Committee. Each agency responsible for imposing conditions may determine whether its conditions must be fully completed or whether the applicant shall be offered the option of providing financial assurances as a means of assuring compliance.

e. The name of the access road shall be corrected on the final map. The name and correct spelling of the access road is Theobald Lane.

f. Any regulations, procedures, and conditions adopted by the Washoe County Health District must be met prior to recordation of a final map.

g. The applicant shall provide verification to the Planning and Development Division that all conditions from the Truckee Meadows Fire Protection District have been satisfied.

h. The applicant has indicated that the proposed improvements will not exceed the major grading thresholds that require a special use permit. If the final construction drawings for the map include grading that exceeds the Major Grading Permit Thresholds listed in Article 438, Grading Standards, the applicant shall apply for a special use permit for grading; and if approved, may be delayed up to three months processing time. In addition, all related standards within the Washoe County Development Code shall be met on the construction drawings. Compliance shall be determined by the Planning and Development Division.

i. The approval for this tentative parcel map does not include improvements for driveways to building pads. Grading for access to building pads, if they exceed the criteria stated in the previous condition, shall require a special use permit. Compliance shall be determined by the Planning and Development Division.

a. The Engineering Division has reviewed the subject parcel map and the following conditions must be successfully completed prior to final approval of this application by the Engineering Division.

b. Provide documented access to Andrew Lane.

c. Remove fencing and debris that will be on Parcel 1.

d. All fencing required to be outside access easement.

e. Add emergency vehicle turnaround at north end of access easement on Parcel 1.

f. Add a Taxation Certificate.

h. Add a section corner tie.

i. Remove structures, from the map.

j. Add the following note to the map:
The Owner, buyers, assigns, or any interest holder of any lots or parcels shown hereon, hereby agree that all existing irrigation flows crossing these parcels shall be perpetuated. Any legal rights to water from these ditches shall be honored and the right of access for maintenance and operation will not be denied to valid holders of those rights.

k. Add a drainage easement for surface drainage.

l. Any access way shall be upgraded to a gravel road that will allow emergency vehicle travel, issuance of a building permit and take drainage into consideration. Submit plans for review and approval.

m. Provide evidence of documented access that favors the applicant.

n. Comply with the conditions of the Washoe County technical check for this map.

o. Add a Security Interest Holder's Certificate to the map if applicable.

Washoe County Water Management Coordinator

3. The following conditions are requirements of the Water Management Coordinator, who shall be responsible for determining compliance with these conditions.

Contact: Vahid Behmaram, 775.954.4647, vbehmaram@washoe.us

a. The applicant shall complete the water rights relinquishment process with the State Engineer's office and record the "Affidavit of Relinquishment for Domestic Wells" with the County Recorder's office and submit a recorded copy with the final map.

b. The applicant shall provide Washoe County Water Management Coordinator a copy of the water rights documents intended to support the project prior to relinquishment process. Washoe County retains the authority to impose its own review and reject water rights which do not comply with Washoe County Code and Area Plans.

c. The ground water rights subject to relinquishment MAY NOT be supplemental ground water which supplement primary surface water rights.

d. The applicant shall provide water right in the amount of 2.00 acre-feet of ground water rights per newly created parcel.

e. The water rights must be in good standing with the State of Nevada, with current title. The water rights must be from the same hydrographic basin as the lands subject to the parcel map and comply with the appropriate area plan.

Contact: James English, 775.328.2610, jenglish@washoe.us

The Washoe County Health District, Environmental Health Services Division (Division) Engineering and Vector have reviewed the above referenced project. Approval by this Division is subject to the following conditions:

a. The existing septic tank and associated leach field are required to be located and will require a minimum 20 setback to any proposed leach field.
b. The abandonment of the existing septic tank will require a plan submittal, permit, and inspection by the WCHD.

c. Test Trenches must be performed on each parcel to evaluate the suitability for on-site sewage disposal systems.

(i.) A test trench permit must be obtained directly from the WCHD and must reference the proposed parcel map.

d. The Health District signature block is required on this parcel map. Once the Test Trenches have been completed and any associated documentation provided, an appointment can be made to have the map signed by WCHD and the associated signing fees paid.

Any developments on the property shall meet the requirements of WCC 60. This may include, but is not limited to, the requirements for exterior construction and defensible space/open space planning in accordance with the Wildland Urban Interface Code (WUI), access requirements, and water for fire suppression. Driveway access at 12 feet shall be provided to all buildings per the WUI and turnarounds may be required to be placed on property for emergency vehicle access.

b. Plans for development of parcels shall be submitted for review and approval to TMFPD.

c. The final map shall show proposed access to these properties. Turnarounds and access shall be approved by TMFPD for compliance.

TO: Eva M. Krause, Planner, CSD, Planning & Development Division

FROM: Vahid Behmaram, Water Management Planner Coordinator, CSD

SUBJECT: PM16-004 (Terri Cole), APN: 017-342-29

Project description:

The applicant is proposing the division of a ±2.15 acre parcel into two parcels. The property is located at 265 Theobald Lane, in Pleasant Valley. Water will be provided by individual domestic wells, and sewage disposal will be by individual septic systems.

The Community Services Department (CSD) recommends approval of this project with the following Water Rights conditions:

1) The subject parcel is not near any municipal, quasi-municipal or private water delivery infrastructure; therefore, resulting parcels will rely on Individual Domestic wells as their source of domestic water supply.

2) Washoe County policy requires that the applicant for a parcel map with parcels served by an individual domestic well, to bring forth an approved and recorded “Affidavit of Relinquishment for Domestic Wells” by the Nevada State Engineer’s office. The applicant shall complete the relinquishment process with the State Engineer’s office and record with the County Recorder’s office and submit a recorded copy to Washoe County as a pre-requisite to approval of their parcel map.

3) Washoe County retains the authority to impose its own review and reject water rights which do not comply with Washoe County code and area plans. Therefore, a preview of water rights intended to support the project (prior to relinquishment process) will be helpful for both the applicant and Washoe County staff.

4) The ground water rights subject to relinquishment MAY NOT be supplemental ground water which supplement primary surface water rights.

5) The amount of water rights necessary is 2.00 acre-feet of ground water rights per newly created parcel. The original parcel is deemed exempt from the relinquishment process. In the way of an example, if one parcel is subdivided into a total of 4, there are 3 newly created parcels and one existing or remains thereof.
6) The water rights must be in good standing with the State of Nevada, with current title. The water rights must be from the same hydrographic basin as the lands subject to the parcel map and comply with the appropriate area plan.

Tentative Parcel Map; PM16-004

Dear Ms. Krause

The Washoe County Health District, Environmental Health Services Division (Division) Engineering and Vector have reviewed the above referenced project. Approval by this Division is subject to the following conditions:

1. The existing septic tank and associated leach field are required to be located and will require a minimum 20-seback to any proposed leach field.
2. The abandonment of the existing septic tank will require a plan submittal, permit, and inspection by the WCHD.
3. Test Trenches must be performed on each parcel to evaluate the suitability for on-site sewage disposal systems.
   a. A test trench permit must be obtained directly from the WCHD and must reference the proposed parcel map.
4. The Health District signature block is required on this parcel map. Once the Test Trenches have been completed and any associated documentation provided, an appointment can be made to have the map signed by WCHD and the associated signing fees paid.
5. After having reviewed the request, the Vector-Borne Diseases Program has no requirements or detail designs to be added to the Tentative Parcel Map.

If you have any questions regarding the foregoing, please call Jim English at 328-2610 or Jim Shaffer 785-4599 regarding engineering or vector comments, respectively.

Re: Tentative Parcel Map PM16-004 (Cole)

The Truckee Meadows Fire Protection District (TMFPD) will approve the above Tentative Parcel Map PM16-004 with the following conditions and requires additional information:

- Any developments on the property shall meet the requirements of WCC 60. This may include, but is not limited to, the requirements for exterior construction and defensible space/open space planning in accordance with the Wildland Urban Interface Code, access requirements, and water for fire suppression. Driveway access at 12 feet shall be provided to all buildings per the WUI and turn-arounds may be required to be placed on property for emergency vehicle access.
- Plans for development of parcels shall be submitted for review and approval to TMFPD.
- Access to all parcels shall be shown on the final map. Turnarounds and access shall be approved by TMFPD for compliance.

Please contact me with any questions at (775) 326-6005.

Thank you,

Amy Ray

RE: Comments on Special Use Permit PM16-004 Amended

To: Donna Fagan
Washoe County Community Services Department
1001 East Ninth Street, Building A
Reno, NV 89512

Name: Split of Parcel 017-342-23 for Terri L. Cole Trust

County: Washoe County – Old U. S. 395 and Andrew Lane

Location: A portion of the SW¼ of Section 4, Township 17 North, Range 20, East, MDB&M.

Plat: Tentative: Two (2) lots totaling approximately 2.16 acres and being a split of Washoe County Assessor’s Parcel Number 017-342-23.

Water Service
Commitment
Allocation: Water rights must be relinquished in the amount of two acre-feet per additional parcel according to Washoe County rules.

Owner-Developer: Terri L. Cole
265 Theobald Road
Reno, NV 89521

Engineer: Landmark Surveying
2548 Rampart Terrace
Reno, NV 89519

General: Applicant states that a domestic well is appurtenant to the property, however no well log can be found. Domestic wells are intended for single family use.

All waters of the State belong to the public and may be appropriated for beneficial use pursuant to the provisions of Chapters 533 and 534 of the Nevada Revised Statutes (NRS), and not otherwise.

Any water or monitor wells, or boreholes that may be located on either acquired or transferred lands are the ultimate responsibility of the owner of the property at the time of the transfer and must be plugged and abandoned as required in Chapter 534 of the Nevada Administrative Code. If artesian water is encountered in any well or borehole it shall be controlled as required in NRS § 534.060(3).

Municipal water service is subject to Washoe County rules and regulations and approval by the Office of the State Engineer regarding water quantity and availability.

Water relinquished to Washoe County must be presented to the State Engineer for approval and signed through his office prior to development.

Action: Tentative approval of Split of Parcel 017-342-23 for Terri L. Cole Trust subdivision based on acceptance of relinquishment of water through the Office of the State Engineer.

Tentative Parcel Map
Development Application Submittal Requirements

This sheet must accompany the original application and be signed by
the Professional Land Surveyor.

1. Fees: See Tentative Parcel Map Fee Worksheet. Make check payable to Washoe County. Bring
check with your application to Community Development. Submit Fee Worksheet with
"Original Packet" only. Do not include Fee Worksheet in other copies of the packet.
   • A separate check for the engineering technical review fee is required upon submittal.

3. Owner Affidavit: The Owner Affidavit must be signed and notarized by all owners of the property
subject to the application request.

4. Proof of Property Tax Payment: The applicant must provide a written statement from the Washoe
County Treasurer's Office indicating all property taxes for the current quarter of the fiscal year on the
land have been paid.

6. Title Report: A preliminary title report, with an effective date of no more than one hundred twenty
(120) days of the submittal date, by a title company which provides the following information:
   • Name and address of property owners.
   • Legal description of property.
   • Description of all easements and/or deed restrictions.
   • Description of all liens against property.
   • Any covenants, conditions and restrictions (CC&Rs) that apply.

   Submit Title Report with "Original Packet" only. You may be requested to provide additional
copies, but do not include Title Report in other copies of the packet.

7. Development Plan Specifications: (If the requirement is "Not Applicable," please check the
box proceeding the requirement)
   • a. Map to be drawn using engineering scales (e.g. scale 1" = 100', 1" = 200', or 1" = 500'
unless a prior approval is granted by the County Surveyor) showing all streets and
  ingress/egress to the property and must meet NRS standards as specified in NRS 278.466.
   • b. Property boundary lines, distances and bearings.
   • c. Contours at five (5) foot intervals or two (2) foot intervals where, in the opinion of the
  County Engineer, topography is a major factor in the development.
   • d. The cross sections of all right-of-ways, streets, alleys or private access ways within the
  proposed development, proposed name and approximate grade of each, and approximate
  radius of all curves and diameter of each cul-de-sac.
   • e. The width and approximate location of all existing or proposed easements, whether
  public or private, for roads, drainage, sewers, irrigation or public utility purposes.
   • f. If any portion of the land within the boundary of the development is subject to inundation
  or storm water overflow, as shown on the adopted Federal Emergency Management
  Agency's Flood Boundary and Floodway Maps, that fact and the land so affected shall be
  clearly shown on the map by a prominent note on each sheet, as well as width and direction
  of flow of each water course within the boundaries of the development.
g. The location and outline to scale of each existing building or structure that is not to be moved in the development.

h. Existing roads, trails or rights-of-way within the development shall be designated on the map.

i. Vicinity map showing the proposed development in relation to the surrounding area.

j. Date, north arrow, scale, and number of each sheet in relation to the total number of sheets.

k. Location of snow storage areas sufficient to handle snow removed from public and private streets, if applicable.

l. All known areas of potential hazard including, but not limited to, earth slide areas, avalanche areas or otherwise hazardous slopes, shall be clearly designated on the map. Additionally, active fault lines (post-Holocene) shall be delineated on the map.

8. **Street Names**: A completed "Request to Reserve New Street Name(s)" form (included in application packet). Please print all street names on the Tentative Map. Note whether they are existing or proposed.

9. **Survey Computations**: All survey computations for verification check by the Department of Public Works, Engineering Division. Provide two (2) sets in a separate envelope with the project submittal.

10. **Packets**: Either one electronic packet (DVD or flash drive) with 5 paper copies OR 10 paper copies. **If packet on DVD or flash drive is incomplete, a replacement or additional paper copies will be required.** One (1) packet must be labeled "Original" and must include the fee worksheet (including the appropriate fees) and the original signed and notarized Owner Affidavit. **The original packet must include an 8.5" x 11" reduction of any large format sheets included in the application.** These materials must be readable. Labeling on these reproductions should be no smaller than 8 point on the 8½ x 11" display. Each packet shall include: one (1) 8.5" x 11" reduction of any applicable site plan, development plan, and/or application map. Large format sheets should be included in a slide pocket(s). Any specialized reports identified above shall be included as attachments or appendices and be annotated as such.

---

**Notes:**

(i) Application and map submittals must comply with all specific criteria as established in the Washoe County Development Code and/or the Nevada Revised Statutes.

(ii) Based on the specific nature of the development request, Washoe County reserves the right to specify additional submittal packets, additional information and/or specialized studies to clarify the potential impacts and potential conditions of development to minimize or mitigate impacts resulting from the project. No application shall be processed until the information necessary to review and evaluate the proposed project is deemed complete by the Director of Community Development.

(iii) All oversized maps and plans must be folded to a 9" x 12" size.

---

I hereby certify, that to the best of my knowledge, all information contained in this application is correct and meets all Washoe County Development Code requirements.
