Parcel Map

The purpose of a parcel map is to allow for the creation of subdivisions, merger and re-subdivision of existing lots, and common-interest communities consisting of four or fewer parcels pursuant to Article 606, Parcel Maps, of the Washoe County Development Code. A tentative parcel map must be submitted to the Planning and Development Division for the purpose of review prior to or concurrent with the final parcel map. Every tentative parcel map must be prepared by a professional land surveyor. The parcel map process exists to establish reasonable standards of design and procedures for subdividing in order to further the orderly layout and use of land and insure proper legal descriptions and monumenting of subdivided land. Additionally, the process helps to safeguard the public health, safety and general welfare by establishing minimum standards of design and development for any land division platted in the unincorporated area of Washoe County. If the Washoe County Parcel Map Review Committee grants an approval of the tentative parcel map, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that may need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure.
- Prior to the issuance of a business license or other permits/licenses.
- Some Conditions of Approval are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.
- Within 22 months from the date of approval of the tentative parcel map, the applicant must file a final parcel map along with any required supporting materials with the Planning and Development Division and the County Engineer showing that all conditions imposed by the Washoe County Parcel Map Review Committee have been met. Approval or conditional approval of a tentative parcel map imposes no obligation on the part of the Director of Planning and Development Division or the Board of County Commissioners to approve the final parcel map or to accept any public dedication shown on the tentative or final parcel map. Failure to submit a complete final parcel map and pay the required fees within the two year time period shall cease any further action on the map and shall render the tentative parcel map as expired.

The Conditions of Approval for Tentative Parcel Map Case Number PM16-006 is attached to this staff report and will be included with the Action Order.
Vicinity Map
Site Plan
Background
The applicants are asking to parcel a 6.65 acre property into two parcels. The property has a regulatory zone of High Density Rural (HDR) and the request meets all requirements of the HDR regulatory zone. The tentative parcel map is being processed subsequent to the division of a tentative map (Monte Vista at Mt. Rose Estates) and the subject parcel cannot be recorded until the subject 6.65 acre property has been created through the recordation of the final Monte Vista at Mt. Rose subdivision map. Staff has included a condition (2(a) of the attached conditions) requiring the recordation of the subdivision tract map prior to recordation of the final parcel map.

Tentative Parcel Map Evaluation
Land Use Designation: High Density Rural (HDR) and General Rural (GR)
Maximum Lot Potential: 2 lots
Number of Lots on Parcel Map: 2 lots
Minimum Lot Size Required: 2 acres
Minimum Lot Size on Parcel Map: 2.5 acres
Minimum Lot Width Required: 150 feet
Minimum Lot Width on Parcel Map: Approximately 200 feet
The tentative parcel map meets all minimum requirements for the High Density Rural (HDR) and General Rural (GR) regulatory zones.
Development Suitability Constraints: The Southwest Truckee Meadows Development Suitability Map, a part of the Southwest Truckee Meadows Area Plan, identifies the subject parcel as having slopes in excess of 15%.
Hydrographic Basin: The subject parcel is within the Truckee Meadows Hydrographic Basin.
The subject parcel is within the Truckee Meadows Service Area (TMSA).

Development Information
The subject parcel is currently vacant but there is an approved water treatment facility that will be constructed and operated by the Truckee Meadows Water Authority (TMWA) on parcel A-1. The proposed parcel map is necessary for TMWA to begin such development.

Reviewing Agencies
The following agencies received a copy of the project application for review and evaluation:

- Washoe County Community Services Department
  - Planning and Development
  - Engineering and Capitol Projects
  - Utilities
  - Water Management
- Truckee Meadows Water Authority (TMWA)
- Washoe County Health District
  - Vector-Borne Diseases Program
Six out of the ten above listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order if granted approval. Washoe County Planning and Development requires that the final map be in substantial compliance with all plans and documents submitted with the tentative parcel map.

Staff Comment on Required Findings

Section 110.606.30 (i) of Article 606, Parcel Maps, within the Washoe County Development Code, requires that all of the following findings be made to the satisfaction of the Washoe County Parcel Map Review Committee before granting approval of the request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows.

1) General improvement considerations for all parcel maps including, but not limited to:
   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal.

     Staff Comment: The proposed maps have been reviewed by the relevant agencies and no recommendations for denial were received.
   b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision.

     Staff Comment: TMWA is the service provider for community water.
   c) The availability and accessibility of utilities.

     Staff Comment: The TMWA is the service provider for community water. NV Energy is the service provider for electricity. Washoe County is the provider of sewer services
d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks.

_Staff Comment:_ Truckee Meadows Fire Protection District and the Washoe County Sheriff provides emergency service for the area. It is not anticipated that the project will generate any students or need for public parks.

e) Conformity with the zoning ordinances and master plan.

_Staff Comment:_ The subject parcel conforms to requirements of the High Density Rural (HDR) Regulatory zone and to the Washoe County Master Plan.

f) General conformity with the governing body’s master plan of streets and highways.

_Staff Comment:_ There are no streets or highways that will be significantly impacted by the addition of one parcel.

g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision.

_Staff Comment:_ This parcel map will not significantly impact existing public streets, or require new streets or highways.

h) Physical characteristics of the land such as floodplain, slope and soil.

_Staff Comment:_ The subject site is not identified as being within a FEMA flood zone according to the Southwest Truckee Meadows Development Suitability Map.

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive.

_Staff Comment:_ The recommendations and comments of Reviewing Agencies meet the requirements of Nevada Revised Statutes.

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands.

_Staff Comment:_ Truckee Meadows Fire Protection District (TMFPD) is the designated fire protection agency for this area.

k) Community antenna television (CATV) conduit and pull wire.

_Staff Comment:_ Access to cable and/or satellite TV is available in the area.

l) Recreation and trail easements.

_Staff Comment:_ These lots are not intended to be used for residential purposes, however, there are several public parks within close proximity of the subject site.

**Recommendation**

Those agencies which reviewed the application recommended conditions in support of approval of the tentative parcel map. Therefore, after a thorough analysis and review, Tentative Parcel Map Case Number PM16-006 is being recommended for approval with conditions. Staff offers the following motion for the Parcel Map Review Committee’s consideration.

**Review Criteria**

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, the Washoe County Parcel Map Review Committee approve Parcel Map Case Number PM16-006 for TL Mt. Rose Estates, LP,
subject to the conditions of approval as listed in the staff report, and make the determination
that the following criteria is or will be adequately provided for pursuant to Washoe County
Development Code, Section 110.606.30:

1) General improvement considerations for all parcel maps including, but not limited to:
   a) Environmental and health laws and regulations concerning water and air pollution,
      the disposal of solid waste, facilities to supply water, community or public sewage
      disposal and, where applicable, individual systems for sewage disposal;
   b) The availability of water which meets applicable health standards and is sufficient
      for the reasonably foreseeable needs of the subdivision;
   c) The availability and accessibility of utilities;
   d) The availability and accessibility of public services such as schools, police and fire
      protection, transportation, recreation and parks;
   e) Conformity with the zoning ordinances and master plan;
   f) General conformity with the governing body’s master plan of streets and highways;
   g) The effect of the proposed subdivision on existing public streets and the need for
      new streets or highways to serve the subdivision;
   h) Physical characteristics of the land such as floodplain, slope and soil;
   i) The recommendations and comments of those entities reviewing the tentative
      parcel map pursuant to NRS 278.330 and 278.348, inclusive;
   j) The availability and accessibility of fire protection including, but not limited to, the
      availability and accessibility of water and services for the prevention and
      containment of fires including fires in wild lands;
   k) Community antenna television (CATV) conduit and pull wire; and
   l) Recreation and trail easements.

**Appeal Process**

Parcel Map Review Committee action will be effective 10 calendar days after the written
decision is filed with the Secretary to the Parcel Map Review Committee, unless the action is
appealed to the Washoe County Board of County Commissioners, in which case the outcome of
the appeal shall be determined by the Board of County Commissioners. Any appeal must be
filed in writing within 10 calendar days after the written decision is filed with and signed by the
Secretary of the Parcel Map Review Committee and mailed to the applicant.

The tentative parcel map approved under Parcel Map Case Number PM16-006 shall be carried out in accordance with the Conditions of Approval granted by the Washoe County Parcel Map Review Committee on May 12, 2016. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the approval of this tentative parcel map shall be met or financial assurance must be provided to satisfy the conditions of approval prior to the recordation of a final parcel map. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Development Division.

Compliance with the conditions of approval related to this tentative parcel map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the tentative parcel map may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the Conditions of Approval related to this tentative parcel map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of Approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.

The Washoe County Commission oversees many of the reviewing agencies/departments with the exception of the following agencies.

- The DISTRICT BOARD OF HEALTH, through the Washoe County Health District, has jurisdiction over all public health matters in the Health District. Any conditions set by the Health District must be appealed to the District Board of Health.
FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Planning and Development

1. The following conditions are requirements of the Planning and Development Division, which shall be responsible for determining compliance with these conditions.

   **Contact:** Trevor Lloyd, Senior Planner, 775.328.3620, tlloyd@washoecounty.us

   **a.** The final map shall be in substantial compliance with all plans and documents submitted as part of this tentative parcel map application, and with any amendments imposed by the Parcel Map Review Committee. All documentation necessary to satisfy the conditions noted below shall accompany the final map when submitted to the County Engineer and the Planning and Development Division.

   **b.** The applicant shall comply with all the conditions of approval and shall submit a final map for signature by the Director of the Planning and Development Division within 22 months from the date of approval by the Parcel Map Review Committee. Each agency responsible for imposing conditions may determine whether its conditions must be fully completed or whether the applicant shall be offered the option of providing financial assurances as a means of assuring compliance.

   **c.** The final map shall contain the following jurat:

   **DIRECTOR OF PLANNING AND DEVELOPMENT CERTIFICATE**

   THE FINAL PARCEL MAP CASE NO. Tentative Parcel Map; PM16-006

Dear Mr. Lloyd:

The Washoe County Health District, Environmental Health Services Division (Division) Engineering and Vector have reviewed the above referenced project. Approval by this Division is subject to the following conditions:

1. All proposed parcels are to be served by municipal water and sewer.
2. The proposed water treatment plan requires plans to be submitted to the WCHD for review and approval for the construction, design, and treatment of water.
3. If the parcel (A-2) for the common area of Monte Vista at the Estates at Mt. Rose requires mechanical slope stabilization all voids in the stabilization process filled to a depth of 3-4 inches with mixed aggregate rock 3/4 inch to 1 1/2 inches in size (Health Regulations Governing the Prevention of Vector-Borne Diseases 040.0865).
4. Prior to the sign off of the building plans the above detail designs are required on the plans and a scheduled compliance inspection with the Vector-Borne Diseases Program is required for the above condition(s).

If you have any questions regarding the foregoing, please call Jim English at 328-2610 or Jim Shaffer 785-4599 regarding engineering or vector comments, respectively.
