   Eric Young opened the public hearing. Roger Pelham reviewed his staff report dated August 18, 2016.

   Kimble Corbridge asked if the Health District was going to require “mound systems” on the properties. Wes Rubio said he didn’t know as test trenches have yet to be done on the each of the parcels. He cannot determine what septic system design will be suitable until a soil suitability test is done. It is in a flood-zone, however, a standard system could be installed there with an Engineer.
design backing it. The Health District will require a sign off on the final map to assure all of their conditions are met.

Mr. Corbridge stated Engineering will require signatures on the final map as noted in the Conditions of Approval.

With no response to the call for public comment, the period was closed.

Mr. Young closed the public hearing.

Wes Rubio moved to approve Parcel Map Case Number PM16-008 (Dein and Elizabeth Riley Parcel Map) subject to the conditions of approval as listed in the staff report. Amy Ray seconded the motion which carried unanimously.

The motion carried and considered the following criteria:

1) General improvement considerations for all parcel maps including, but not limited to:
   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal;
   b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision;
   c) The availability and accessibility of utilities;
   d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks;
   e) Conformity with the zoning ordinances and master plan;
   f) General conformity with the governing body’s master plan of streets and highways;
   g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision;
   h) Physical characteristics of the land such as floodplain, slope and soil;
   i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive;
   j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands;
   k) Community antenna television (CATV) conduit and pull wire; and
   l) Recreation and trail easements.
