Eric Young opened the public hearing. Julee Olander reviewed her staff report dated March 26, 2018.

Mr. Young opened public comment.

Dan Kelsoe, Robinson Engineering, the applicant’s representative, noted the applicant would have liked to split the parcel into four parcels instead of three. He is hoping for a future Master Plan Amendment (MPA) so the 10.20 acre parcel can be split into to 5 acre parcels. Ms. Olander noted, because the dry creek is on the east side of the parcel and is a sensitive stream zone creating a challenge for that parcel along with a hillside on the other side. Mr. Young stated the applicant could submit an application for an MPA, which are accepted four times a year. Ms. Olander said the applicant may want to look into submitting an application to have the 10.20 acre parcel rezoned. Mr. Young suggested the applicant speak with staff on the best course of action.

Mr. Young closed public comment.

Eric Young opened the public hearing. Chad Giesinger reviewed his staff report dated March 22, 2018.

Mr. Young asked Mr. Giesinger if he knew of any potential development standards NDOT may have that would have to do with the property, even though there are no comments from them. Mr. Gump noted NDOT’s jurisdiction ends at 7th Avenue and Washoe County takes over going north. Mr. Giesinger said the county will require an encroachment permit on any work in the right-of-way when connecting the cul-de-sac to Sun Valley Blvd.

Mr. Young opened public comment.

Kevin Ward, Star West Homes, the applicant’s representative, noted their plan is to put three manufactured homes on the proposed parcels to sell.
