Parcel Map

The purpose of a parcel map is to allow for the creation of subdivisions, merger and re-subdivision of existing lots, and common-interest communities consisting of four or fewer parcels pursuant to Washoe County Code Chapter 110, Article 606, Parcel Maps. A tentative parcel map must be submitted to the Planning and Building Division for the purpose of review prior to or concurrent with the final parcel map. Every tentative parcel map must be prepared by a professional land surveyor. The parcel map process exists to establish reasonable standards of design and procedures for subdividing in order to further the orderly layout and use of land and insure proper legal descriptions and monumenting of subdivided land. Additionally, the process helps to safeguard the public health, safety and general welfare by establishing minimum standards of design and development for any land division platted in the unincorporated area of Washoe County. If the Washoe County Parcel Map Review Committee grants an approval of the tentative parcel map, that approval is subject to Conditions of Approval. Conditions of Approval are requirements that may need to be completed during different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy on a structure.
- Prior to the issuance of a business license or other permits/licenses.
- Some Conditions of Approval are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.

Within 22 months from the date of approval of the tentative parcel map, the applicant must file a final parcel map along with any required supporting materials with the Planning and Building Division and the County Engineer showing that all conditions imposed by the Washoe County Parcel Map Review Committee have been met. Approval or conditional approval of a tentative parcel map imposes no obligation on the part of the Director of the Planning and Building Division or the Washoe County Board of County Commissioners to approve the final parcel map or to accept any public dedication shown on the tentative or final parcel map. Failure to submit a complete final parcel map and pay the required fees within the two year time period shall cease any further action on the map and shall render the tentative parcel map as expired.

The Conditions of Approval for Tentative Parcel Map Case Number WTPM18-0006 is attached to this staff report and will be included with the Action Order if approved by the Parcel Map Review Committee.

The subject property has a regulatory zone of High Density Rural (HDR), which allows the proposed parcel map and subsequent residential use.

The tentative parcel map meets all minimum requirements for the High Density Rural (HDR) regulatory zone.

**Development Suitability Constraints:** The South Valleys Development Suitability Map, a part of the South Valleys Area Plan, identifies the subject parcel as located within a 100 year floodplain. The western portion of the parcel is covered by the floodplain.

**Hydrographic Basin:** The subject parcel is within the Washoe Valley Hydrographic Basin.

The subject parcel is outside the Truckee Meadows Service Area (TMSA).

The proposed subdivision is not a second or subsequent division of a parcel map approved within the last five years.

**Development Information** The subject parcel is currently vacant and undeveloped. The proposed parcel map will result in three (3) 5.07 acre parcels and one (1) remaining 25.36 acre parcel. The intended use of the newly created parcels is residential development.

**Reviewing Agencies**

The following agencies received a copy of the project application for review and evaluation.

- Washoe County Community Services Department
  - Planning and Building Division
  - Engineering and Capital Projects Division
  - Water Rights Coordinator Manager
- Washoe County Health District
  - Environmental Health Services Division
- Truckee Meadows Fire Protection District
- Washoe-Storey Conservation District
- Regional Transportation Commission (RTC)
- South Truckee Meadows/Washoe Valley CAB

3 out of the 9 above listed agencies/departments provided comments and/or recommended conditions of approval in response to their evaluation of the project application. A summary of
each agency’s comments and/or recommended conditions of approval and their contact information is provided. The Conditions of Approval document is attached to this staff report and will be included with the Action Order, if granted approval.

- **Washoe County Planning and Building Division, Planning Program** requires that the final map be in substantial compliance with all plans and documents submitted with the tentative parcel map.
  
  **Contact:** Chris Bronczyk, 775.328.3626, cbronczyk@washoecounty.us

- **Washoe County Engineering and Capital Projects Division** provided comments related to technical map requirements and floodplain related requirements.
  
  **Contact:** Mike Gump, 775.328.2041, mgump@washoecounty.us

- **Washoe County Water Management Planner** provided comments related to water service for each parcel.

**Staff Comment on Required Findings**

WCC Section 110.606.30 (i) requires that all of the following findings be made to the satisfaction of the Washoe County Parcel Map Review Committee before granting approval of the request. Staff has completed an analysis of the application and has determined that the proposal is in compliance with the required findings as follows:

1) General improvement considerations for all parcel maps including, but not limited to:

   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal.

   **Staff Comment:** Compliance with all applicable environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal will be ensured prior to recordation of the final map or prior to approval of a development permit on the subject site.

   b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision.

   **Staff Comment:** Water will be provided by individual domestic wells, and sewage disposal will be by individual septic systems.

   c) The availability and accessibility of utilities.

   **Staff Comment:** The application was reviewed by the appropriate agencies and no recommendation for denial was received.

   d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks.

   **Staff Comment:** The proposed parcel map will create three new parcels, which is anticipated to have minimal impact on local services. The application was reviewed by fire and transportation agencies and no recommendation for denial was received.

   e) Conformity with the zoning ordinances and master plan.

   **Staff Comment:** The proposed division of land conforms to the applicable provisions of the Washoe County Development Code and Master Plan, to include the South Valleys Area Plan.

   f) General conformity with the governing body’s master plan of streets and highways.
**Staff Comment:** The application was reviewed by the Engineering and Capital Projects Division and Truckee Meadows Regional Transportation Commission. The proposal is in conformance with the Master Plan for streets and highways.

g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision.

**Staff Comment:** The application was reviewed by the Washoe County Engineering and Capital Projects and the Regional Transportation Commission. No recommendations for new streets or highways to serve the subdivision were received.

h) Physical characteristics of the land such as floodplain, slope and soil.

**Staff Comment** The property is located within a 100 year floodplain. Future development will have to comply with development standards and regulations regarding development within the 100 year floodplain,

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive.

**Staff Comment:** These provisions of statute refer to the preparation of tentative maps. All recommendations of approval from the reviewing agencies have been included with the staff report.

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands.

**Staff Comment:** The project was reviewed by the Truckee Meadows Fire Protection District. No recommendations for denial were received.

k) Community antenna television (CATV) conduit and pull wire.

**Staff Comment:** Utility easements are located on the Eastern side of the property, along Eastlake Blvd.

l) Recreation and trail easements.

**Staff Comment:** The project was reviewed by Washoe County Regional Parks and Open Space. No recommendations for denial were received.

**Recommendation**

Those agencies which reviewed the application, recommended conditions in support of approval of the tentative parcel map or provided no comments. Therefore, after a thorough analysis and review, Parcel Map Case Number WTPM18-0006 is being recommended for approval with conditions. Staff offers the following motion for the Parcel Map Review Committee’s consideration.

**Motion / Review Criteria**

I move that, after giving reasoned consideration to the information contained within the staff report and the information received during the public meeting, that the Washoe County Parcel Map Review Committee approve Parcel Map Case Number WTPM18-0006 for Skaggs Family Trust subject to the conditions of approval included as Exhibit A with the staff report, and make the determination that the following criteria is or will be adequately provided for pursuant to Washoe County Code Section 110.606.30:

1) General improvement considerations for all parcel maps including, but not limited to:

   a) Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal;
b) The availability of water which meets applicable health standards and is sufficient for the reasonably foreseeable needs of the subdivision;

c) The availability and accessibility of utilities;

d) The availability and accessibility of public services such as schools, police and fire protection, transportation, recreation and parks;

e) Conformity with the zoning ordinances and master plan;

f) General conformity with the governing body’s master plan of streets and highways;

g) The effect of the proposed subdivision on existing public streets and the need for new streets or highways to serve the subdivision;

h) Physical characteristics of the land such as floodplain, slope and soil;

i) The recommendations and comments of those entities reviewing the tentative parcel map pursuant to NRS 278.330 and 278.348, inclusive;

j) The availability and accessibility of fire protection including, but not limited to, the availability and accessibility of water and services for the prevention and containment of fires including fires in wild lands;

k) Community antenna television (CATV) conduit and pull wire; and

l) Recreation and trail easements.

**Appeal Process**

Parcel Map Review Committee action will be effective 10 calendar days after the written decision is filed with the Secretary to the Parcel Map Review Committee, unless the action is appealed to the Washoe County Board of County Commissioners, in which case the outcome of the appeal shall be determined by the Board of County Commissioners. Any appeal must be filed in writing within 10 calendar days from the date the written decision is filed with and signed by the Secretary of the Parcel Map Review Committee and mailed to the applicant.

The tentative parcel map approved under Parcel Map Case Number WTPM18-0006 shall be carried out in accordance with the Conditions of Approval granted by the Washoe County Parcel Map Review Committee on June 14, 2018. Conditions of Approval are requirements placed on a permit or development by each reviewing agency. These Conditions of Approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the approval of this tentative parcel map shall be met or financial assurance must be provided to satisfy the conditions of approval prior to the recordation of a final parcel map. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Building Division.

Compliance with the conditions of approval related to this tentative parcel map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed in the approval of the tentative parcel map may result in the institution of revocation procedures.

Washoe County reserves the right to review and revise the Conditions of Approval related to this tentative parcel map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, “may” is permissive and “shall” or “must” is mandatory.

Conditions of Approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to recordation of a final map.
- Prior to obtaining a final inspection and/or a certificate of occupancy.
- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project.

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.
Washoe County Planning and Building Division

1. The following conditions are requirements of the Planning and Building Division, which shall be responsible for determining compliance with these conditions.

Contact: Chris Bronczyk, Planner, 775.328.3612, cbronczyk@washoecounty.us

a. The final map shall be in substantial compliance with all plans and documents submitted as part of this tentative parcel map application, and with any amendments imposed by the Parcel Map Review Committee. All documentation necessary to satisfy the conditions noted below shall accompany the final map when submitted to the County Engineer and the Planning and Building Division.

b. The applicant shall comply with all the conditions of approval and shall submit a final map for signature by the Director of the Planning and Building Division within 22 months from the date of approval by the Parcel Map Review Committee. Each agency responsible for imposing conditions may determine whether its conditions must be fully completed or whether the applicant shall be offered the option of providing financial assurances as a means of assuring compliance.

c. The final map shall contain the following jurat:

   DIRECTOR OF PLANNING AND BUILDING CERTIFICATE

   THE FINAL PARCEL MAP CASE NO. WTPM18-0006 MEETS ALL APPLICABLE STATUTES, ORDINANCES AND CODE PROVISIONS; IS IN SUBSTANTIAL CONFORMANCE WITH THE TENTATIVE MAP AND ITS CONDITIONS, WHICH ARE INCORPORATED HEREIN BY THIS REFERENCE, AND THOSE CONDITIONS HAVE BEEN SATISFIED FOR RECORDATION OF THIS MAP. THE OFFER(S) OF DEDICATION IS (ARE) REJECTED AT THIS TIME, BUT WILL REMAIN OPEN IN ACCORDANCE WITH NEVADA REVISED STATUTES CHAPTER 278.

   THIS FINAL MAP IS APPROVED AND ACCEPTED THIS ______ DAY OF __________, 20_______, BY THE DIRECTOR OF THE PLANNING AND BUILDING DIVISION OF WASHOE COUNTY, NEVADA, IN ACCORDANCE WITH NEVADA REVISED STATUTES 278.471 THROUGH 278.4725.

   ____________________________________________
   MOJRA HAUENSTEIN, DIRECTOR, PLANNING AND BUILDING DIVISION

   d. The applicant shall provide verification to the Planning and Building Division that all conditions from the Truckee Meadows Fire Protection District have been satisfied.

e. Any regulations, procedures, and conditions adopted by Washoe County Health District must be met prior to recordation of a final map.

f. The applicant has indicated that the proposed improvements will not exceed the major grading thresholds that require a special use permit. If the final construction drawings for the map include grading that exceeds the Major Grading Permit Thresholds listed in Article 438 Grading Standards, the applicant shall apply for a special use permit for grading; and if approved, may be delayed up to three months processing time. In addition, all related standards within the Washoe County Development Code shall be met on the construction drawings.
g. The approval for this tentative parcel map does not include improvements for driveways to building pads. Grading for access to building pads, if they exceed the criteria stated in the previous condition, shall require a special use permit.

**Washoe County Engineering and Capital Projects**

2. The following conditions are requirements of the Engineering and Capital Projects, which shall be responsible for determining compliance with these conditions.

   **Contact:** Mike Gump, PLS, 775.328.2315, mgump@washoecounty.us

   a. Comply with the conditions of the Washoe County technical check for this map.

   b. Add the names of the adjacent property owners.

   c. All boundary corners must be set.

   d. Add a Security Interest Holder’s Certificate to the map if applicable.

   e. Add the following note on the plat – “All structures on parcels created by this map, whether located within or outside of the FEMA designated flood plain, shall be constructed to meet the requirements of Washoe County Code Article 416 requiring, among other things, the finished floor elevation be raised above the highest adjacent original ground elevation, installation of crawl flood vents as applicable, etc. (reference Article 416 for elevation requirements for crawl space or slab on grade construction). As an alternative, a detailed hydrologic and hydraulic analysis may be prepared and submitted to FEMA for review and a Letter of Map Revision (LOMR) approved prior to approval of any building permit, with construction of structures within the revised floodplain conforming to Article 416.”

   f. Add the FEMA floodplain to the map.

   g. Add the following note to the map; “All properties, regardless if they are located within or outside of a FEMA designated flood zone, may be subject to flooding. The property owner is required to maintain all drainage easements and natural drainages and not perform or allow unpermitted and unapproved modifications to the property that may have detrimental impacts to surrounding properties.”

   h. Place a note on the map stating that the natural drainage will not be impeded.

   i. Prior to the recordation of the parcel map, provide a minimum 20-foot wide all-weather access roadway and turn-around at the terminus of the access easement that meets the emergency vehicle access requirements in place at the time of permit application and takes drainage into consideration.

**Washoe County Water Rights Manager**

3. The following conditions are requirements of Washoe County Water Management.

   **Contact:** Vahid Behmaram, 775.328.3600, vbehmaram@washoecounty.us

   a. The subject parcel is not near any municipal, quasi-municipal or private water delivery infrastructure; therefore, resulting parcels will rely on Individual Domestic wells as their source of domestic water supply.

   b. Washoe County code requires that the applicant for a parcel map with parcels served by an individual domestic well, to bring forth an approved and recorded “Affidavit of Relinquishment for Domestic Wells” by the Nevada State Engineer’s office. The applicant shall complete the relinquishment process with the State Engineer’s office and record the approved form with the County Recorder’s office and submit a recorded copy to Washoe County as a pre-requisite to approval of their parcel map.
c. Washoe County retains the authority to impose its own review and reject water rights which do not comply with Washoe County code and area plans. *Therefore, a preview of water rights intended to support the project (prior to relinquishment process) will be helpful for both the applicant and Washoe County staff.*

d. The ground water rights subject to relinquishment MAY NOT be supplemental ground water which supplement primary surface water rights.

e. The amount of water rights necessary is 2.00 acre-feet of ground water rights per newly created parcel. The original parcel is deemed exempt from the relinquishment process. In the way of an example, if one parcel is subdivided into a total of 4, there are 3 newly created parcels and one existing or remains thereof. The Skaggs parcel map will create 3 newly created parcels which will require the relinquishment of 6.00 acre-feet of ground water rights.

f. The water rights must be in good standing with the State of Nevada, with current title. The water rights must be from the same hydrographic basin as the lands subject to the parcel map and comply with the appropriate area plan.

SUBJECT: Tentative Parcel Map Case Number WTPM18-006 (Skaggs) APN: 050-470-05

Project description:

The applicant is proposing a parcel map dividing one existing 40.5 acre parcel. The change will result in three (3) 5.07 acre parcels and one (1) remaining 25.36 acre parcel. The property is currently vacant, and is located at 0 Eastlake Blvd, Assessor’s Parcel Number: 050-470-05. Water will be provided by individual domestic wells, and sewage disposal will be by individual septic systems.

The Community Services Department (CSD) recommends approval of this project with the following Water Rights conditions:

1) The subject parcel is not near any municipal, quasi-municipal or private water delivery infrastructure; therefore, resulting parcels will rely on Individual Domestic wells as their source of domestic water supply.

2) Washoe County code requires that the applicant for a parcel map with parcels served by an individual domestic well, to bring forth an approved and recorded “Affidavit of Relinquishment for Domestic Wells” by the Nevada State Engineer’s office. The applicant shall complete the relinquishment process with the State Engineer’s office and record the approved form with the County Recorder’s office and submit a recorded copy to Washoe County as a pre-requisite to approval of their parcel map.

3) Washoe County retains the authority to impose its own review and reject water rights which do not comply with Washoe County code and area plans. Therefore, a preview of water rights intended to support the project (prior to relinquishment process) will be helpful for both the applicant and Washoe County staff.

4) The ground water rights subject to relinquishment MAY NOT be supplemental ground water which supplement primary surface water rights.

5) The amount of water rights necessary is 2.00 acre-feet of ground water rights per newly created parcel. The original parcel is deemed exempt from the relinquishment process. In the way of an example, if one parcel is subdivided into a total of 4, there are 3 newly created parcels and one existing or remains thereof. The Skaggs parcel map will create 3 newly created parcels which will require the relinquishment of 6.00 acre-feet of ground water.
6) The water rights must be in good standing with the State of Nevada, with current title. The water rights must be from the same hydrographic basin as the lands subject to the parcel map and comply with the appropriate area plan.

6. Please describe the source of the water facilities necessary to serve the proposed tentative parcel map:

   a. Water System Type:
      - ☐ Individual wells
      - ☐ Private water Provider:
      - ☐ Public water Provider:

   b. Available:
      - ☐ Now          ☒ 1-3 years    ☐ 3-5 years    ☐ 5+ years

   c. Washoe County Capital Improvements Program project?
      - ☐ Yes          ☒ No

7. What sewer services are necessary to accommodate the proposed tentative parcel map?

   a. Sewage System Type:
      - ☐ Individual septic
      - ☐ Public system Provider:

   b. Available:
      - ☐ Now          ☒ 1-3 years    ☐ 3-5 years    ☐ 5+ years

   c. Washoe County Capital Improvements Program project?
      - ☐ Yes          ☒ No

8. For most uses, the Washoe County Code, Chapter 110, Article 422, Water and Sewer Resource Requirements, requires the dedication of water rights to Washoe County when creating new parcels. Please indicate the type and quantity of water rights you have available should dedication be required:

   a. Permit #          acre-feet per year
   b. Certificate #     acre-feet per year
   c. Surface Claim #   acre-feet per year
   d. Other, #          acre-feet per year
e. Title of those rights (as filed with the State Engineer in the Division of Water Resources of the Department of Conservation and Natural Resources):

9. Does the property contain wetlands? (If yes, please attach a preliminary delineation map and describe the impact the proposal will have on the wetlands. Impacts to the wetlands may require a permit issued from the U.S. Army Corps of Engineers.)

☐ Yes  ☐ No  If yes, include a separate set of attachments and maps.

10. Does property contain slopes or hillsides in excess of 15 percent and/or significant ridgelines? (If yes, and this is the second parcel map dividing this property, Article 424, Hillside Development of the Washoe County Development Code will apply.)

☐ Yes  ☐ No  If yes, include a separate set of attachments and maps.

11. Does property contain geologic hazards such as active faults; hillside or mountainous areas; is it subject to avalanches, landslides, or flash floods; is it near a water body, stream, Significant Hydrologic Resource as defined in Article 418, or riparian area such as the Truckee River, and/or an area of groundwater recharge

☐ Yes  ☐ No  If yes, include a separate set of attachments and maps.

12. Does the tentative parcel map involve common open space as defined in Article 408 of the Washoe County Development Code? (If so, please identify all proposed non-residential uses and all the open space parcels.)

☐ Yes  ☐ No  If yes, include a separate set of attachments and maps.

13. If private roads are proposed, will the community be gated? If so, is a public trail system easement provided through the subdivision?
14. Are there any applicable policies of the adopted area plan in which the project is located that require compliance? If so, which policies and how does the project comply?

☐ Yes  ☐ No  If yes, include a separate set of attachments and maps.

15. Are there any applicable area plan modifiers in the Development Code in which the project is located that require compliance? If so, which modifiers and how does the project comply?

16. Is the project subject to Article 418, Significant Hydrologic Resources? If yes, please address Special Review Considerations within Section 110.418.30 in a separate attachment.

☐ Yes  ☐ No  If yes, include a separate set of attachments and maps.

Grading

Please complete the following additional questions if the project anticipates grading that involves: (1) Disturbed area exceeding twenty-five thousand (25,000) square feet not covered by streets, buildings and landscaping; (2) More than one thousand (1,000) cubic yards of earth to be imported and placed as fill in a special flood hazard area; (3) More than five thousand (5,000) cubic yards of earth to be imported and placed as fill; (4) More than one thousand (1,000) cubic yards to be excavated, whether or not the earth will be exported from the property; or (5) If a permanent earthen structure will be established over four and one-half (4.5) feet high. If your project exceeds any of the above criteria, you shall either provide a preliminary grading and roadway design plan for review OR if these criteria are exceeded with the final construction drawings and not disclosed at the Tentative Parcel Map Application, you shall be required to apply for a special use permit for grading and you will be delayed up to three months, if approved.

17. How many cubic yards of material are you proposing to excavate on site?
18. How many cubic yards of material are you exporting or importing? If exporting of material is anticipated, where will the material be sent? If the disposal site is within unincorporated Washoe County, what measures will be taken for erosion control and revegetation at the site? If none, how are you balancing the work on-site?

19. Can the disturbed area be seen from off-site? If yes, from which directions, and which properties or roadways? What measures will be taken to mitigate their impacts?

20. What is the slope (Horizontal/Vertical) of the cut and fill areas proposed to be? What methods will be used to prevent erosion until the revegetation is established?
21. Are you planning any berms and, if so, how tall is the berm at its highest? How will it be stabilized and/or revegetated?

22. Are retaining walls going to be required? If so, how high will the walls be, will there be multiple walls with intervening terracing, and what is the wall construction (i.e. rockery, concrete, timber, manufactured block)? How will the visual impacts be mitigated?

23. Will the grading proposed require removal of any trees? If so, what species, how many, and of what size?

24. What type of revegetation seed mix are you planning to use and how many pounds per acre do you intend to broadcast? Will you use mulch and, if so, what type?
25. How are you providing temporary irrigation to the disturbed area?

26. Have you reviewed the revegetation plan with the Washoe Storey Conservation District? If yes, have you incorporated their suggestions?

Tentative Parcel Map
Development Application Submittal Requirements

This sheet must accompany the original application and be signed by the Professional Land Surveyor.

1. **Fees:** See Master Fee Schedule. **Bring payment with your application to Community Services Department (CSD). Make check payable to Washoe County.**

2. **Development Application:** A completed Washoe County Development Application form.

3. **Owner Affidavit:** The Owner Affidavit must be signed and notarized by all owners of the property subject to the application request.

4. **Proof of Property Tax Payment:** The applicant must provide a written statement from the Washoe County Treasurer's Office indicating all property taxes for the current quarter of the fiscal year on the land have been paid.

5. **Application Materials:** The completed Tentative Parcel Map Application materials.

6. **Title Report:** A preliminary title report, with an effective date of no more than one hundred twenty (120) days of the submittal date, by a title company which provides the following information:
   - Name and address of property owners.
   - Legal description of property.
   - Description of all easements and/or deed restrictions.
   - Description of all liens against property.
   - Any covenants, conditions and restrictions (CC&Rs) that apply.

 submission Title Report with “Original Packet” only. You may be requested to provide additional copies, but do not include Title Report in other copies of the packet.

7. **Development Plan Specifications:** (If the requirement is “Not Applicable,” please check the box proceeding the requirement)
   - a. Map to be drawn using engineering scales (e.g. scale 1" = 100', 1" = 200', or 1" = 500' unless a prior approval is granted by the County Surveyor) showing all streets and ingress/egress to the property and must meet NRS standards as specified in NRS 278.466.
   - b. Property boundary lines, distances and bearings.
   - c. Contours at five (5) foot intervals or two (2) foot intervals where, in the opinion of the County Engineer, topography is a major factor in the development.
   - d. The cross sections of all right-of-ways, streets, alleys or private access ways within the proposed development, proposed name and approximate grade of each, and approximate radius of all curves and diameter of each cul-de-sac.
   - e. The width and approximate location of all existing or proposed easements, whether public or private, for roads, drainage, sewers, irrigation, or public utility purposes.
   - f. If any portion of the land within the boundary of the development is subject to inundation or storm water overflow, as shown on the adopted Federal Emergency Management Agency's Flood Boundary and Floodway Maps, that fact and the land so affected shall be clearly shown on the map by a prominent note on each sheet, as well as width and direction of flow of each water course within the boundaries of the development.
   - g. The location and outline to scale of each existing building or structure that is not to be moved in the development.
h. Existing roads, trails or rights-of-way within the development shall be designated on the map.

i. Vicinity map showing the proposed development in relation to the surrounding area.

j. Date, north arrow, scale, and number of each sheet in relation to the total number of sheets.

k. Location of snow storage areas sufficient to handle snow removed from public and private streets, if applicable.

l. All known areas of potential hazard including, but not limited to, earth slide areas, avalanche areas or otherwise hazardous slopes, shall be clearly designated on the map. Additionally, active fault lines (post-Holocene) shall be delineated on the map.

8. **Street Names:** A completed "Request to Reserve New Street Name(s)" form (included in application packet). Please print all street names on the Tentative Map. Note whether they are existing or proposed.

9. **Packets:** Four (4) packets and flash drive or DVD. One (1) packet must be labeled "Original" and must include the fee schedule (including the appropriate fees) and the original signed and notarized Owner Affidavit. Each packet shall include an 8.5" x 11" reduction of any large format sheets included in the application. These materials must be readable. Labeling on these reproductions should be no smaller than 8 point on the 8½ x 11" display. Each packet shall include: one (1) 8.5" x 11" reduction of any applicable site plan, development plan, and/or application map. Large format sheets should be included in a slide pocket(s). Any specialized reports identified above shall be included as attachments or appendices and be annotated as such.

**Notes:**

(i) Application and map submittals must comply with all specific criteria as established in the Washoe County Development Code and/or the Nevada Revised Statutes.

(ii) Based on the specific nature of the development request, Washoe County reserves the right to specify additional submittal packets, additional information and/or specialized studies to clarify the potential impacts and potential conditions of development to minimize or mitigate impacts resulting from the project. No application shall be processed until the information necessary to review and evaluate the proposed project is deemed complete by the Director of Planning and Building.

(iii) All oversized maps and plans must be folded to a 9" x 12" size.

I hereby certify, to the best of my knowledge, all information contained in this application is correct and meets all Washoe County Development Code requirements.
