• Two parcels totaling 14± acres located south of the intersection of Kettle Rock Drive and Cold Springs Drive

• Cold Springs Suburban Character Management Area
- Vacant land
- Adjacent to single-family
- Along an existing collector street that provides direct access to US 395
- Existing water and sewer services in adjacent properties
Suburban Residential allows for:

- LDS (1 du/ac)
- MDS (3 du/ac)
- MDS4 (4 du/ac)
- HDR (7 du/ac)
Low Density Suburban (LDS)

- MDS along entire north side of Cold Springs Drive
- MDS-like development to the southeast
Proposed Medium Density Suburban zoning provides:

- Consistency with most recently developed lands to the north and southeast
- More effective use of the land
- More reflective use given market conditions
Sporadic large lot parcel maps followed these initial subdivisions until the 1970s when several new subdivisions established a change in the residential land use pattern to predominately 1/3-acre lots and density, a land use pattern that has been perpetuated ever since in the Cold Springs Valley.”

- Cold Springs Area Plan, Character Statement
Project Summary

- LDS to MDS
- Allowed within the Cold Springs Master Plan
- Consistent with Surrounding Densities:
  - Peavine View Estates (1997)
  - Lake Hills (1998)
  - Canyon Hills (2004)
- Existing infrastructure can support the change
- Meets all the required findings
