This request is for a Master Plan Amendment to:

- Sunset the Reno-Stead Corridor Joint Plan (RSCJP) from the North Valleys Area Plan and change all existing RSCJP master plan land use designations on four hundred and sixteen (416) parcels of land, totaling approximately 734.85 acres, to Washoe County master plan designations
And a Regulatory Zone Amendment to:

• Change all existing RSCJP land use designations on four hundred and sixteen (416) parcels of land, totaling approximately 734.85 acres, to Washoe County regulatory zoning categories
The Regional Planning Commission (RPC) in 1996 designated the area that is now the Reno-Stead Corridor Joint Plan (RSCJP).

The Plan was developed to address conservation, land uses, public services and facilities with specific policies.

The Plan was included in the adopted 2007 Truckee Meadows Regional Plan (TMRP).
Background

- There have been individual amendments to the Joint Plan since it was adopted.
- In 2009 at a joint meeting of the Reno City Council and the Washoe County Board of County Commissioners, staff was instructed to update the RSCJP. Reno had adopted the North Virginia Street Transit Oriented Development Corridor (TOD), which had impacted much of the Plan area and removed parcels from the RSCJP to TOD plan.
During the update process of the 2019 Truckee Meadows Regional Plan, the Joint Plan was discussed and it was recommended to not maintain the Joint Plan in the Regional Plan update.

The adopted 2019 Truckee Meadows Regional Plan did not include the Joint Plan.

After the adoption, staff was directed to convert the existing parcels in Washoe County’s jurisdiction to standard Washoe County master plan and regulatory zoning categories and remove any reference to the RSCJP within the North Valleys Area Plan.
The 416 parcels are separate and spread throughout the Plan area in primarily six different areas.

The parcels are owned by numerous property owners.

The proposed change will preserve the character of the land uses on the parcels currently and is basically a name change to Washoe County master plan and regulatory zoning categories.
The RSCJP designations would change to the following Washoe County master plan designations:

1. Medium Density Suburban/Suburban Residential (MDS/SR) to Suburban Residential (SR)
2. Low Density Suburban/Suburban Residential (MDS/RR) to Suburban Residential (SR)
3. High Density Rural (HDR) to Rural Residential (RR)
4. General Commercial (GC) to Commercial (C)
5. General Rural (GR) to Rural (R)
6. Public and Semi-Public Facilities (PSP) to Open Space (OS)
7. Parks and Recreation (PR) to Open Space (OS)
The RSCJP designations would change to the following Washoe County regulatory zoning categories:

1. Medium Density Suburban/Suburban Residential (MDS/SR) to Medium Density Suburban (MDS-3 dwelling units/acre);
2. Low Density Suburban/Suburban Residential (LDS/SR) to Low Density Suburban (LDS-1 dwelling unit/acre);
3. High Density Rural (HDR) to (HDR-1 dwelling unit/2 acres);
4. General Commercial (GC) remains GC;
5. General Rural (GR) remains GR;
6. Public and Semi-Public Facilities (PSP) remains (PSP); and
7. Parks and Recreation (PR) remains PR
Request
Request
North Valleys reviewed the application on January 13th and the meeting also satisfied the neighborhood meeting requirement.

The CAB voted to deny the amendments and their concerns included:

- Adjacency to Reno & annexation concerns
- Better to have oversight from both Reno & County
- Want double representation
- Don’t trust the County
Public Notice

- Notice was sent to 530 affected property owners
- Legal notice was published in the RGJ on January 24, 2020

MPA Findings

1. Consistency with the Master Plan
2. Compatible Land Uses
3. Response to Change Conditions
4. Availability of Facilities
5. Desired Pattern of Growth
6. Effect on a Military Installation
Goal Twenty: Amendments to the North Valleys Area Plan will be for the purpose of further implementing the Vision and Character Statement, or to respond to new or changing circumstances. Amendments will conform to the North Valleys Vision and Character Statement. Amendments will be reviewed against a set of criteria and thresholds that are measures of the impact on, or progress toward, the Vision and Character Statement.
MPA Recommendation

- It is recommended that the Washoe County Planning Commission approve WMPA19-0009.
- A possible motion is located on page 15 of the staff report.
RZA Findings

1. Consistency with Master Plan
2. Compatible Land Uses
3. Response to Change Conditions; more desirable use
4. Availability of Facilities
5. No Adverse Effects
6. Desired Pattern of Growth
7. Effect on a Military Installation When a Military Installation is Required to be Noticed
RZA Recommendation

- It is recommended that the Washoe County Planning Commission approve WRZA19-0009.
- A possible motion is located on page 16 of the staff report.
