Written votes were completed by voting members. Voting slips were collected by Xhoshia and tabulated. Robert Harding was selected as the Community Co-chair.

5. Integrated HIV Prevention & Care Community Plan Update

Listening sessions have been moved until after January. Questions are being finalized. Recruitment, logistics, note takers, recorders, and facilitator roles are available for volunteers to fill. HOPES, WCHD, ACCEPT, and the shelter are possible sites. A Spanish speaking group will need to be convened as well. Lyell asked that an Epi Update be provided by Theron, to further guide which target populations should be recruited.

6. World AIDS Day Activities Update

Robert reported that NNOT has worked with the HIV/AIDS Class at UNR. There will be a fundraiser brunch, a presentation of the class photo voice projects, a film showing and panel discussion, Latinx Pride will host activities, HOPES will be holding a primp and prep, WCHD is offering an extra day of testing at Our Center. The annual AIDS Fundraiser for the Residence Program is scheduled for that evening at Faces, followed by an after party at Faces. Lyell asked that information be shared in case the state sends out a press release on activities.

7. Agency Updates

- Lyell reported that the HIV Prevention Program is working with the UNR HIV class on surveying doctors on who is providing PrEP and PEP in their practice. A resource directory will provide information on the providers that are offering these services. Academic Detailing training is being held in December to engage providers on offering PrEP and PEP.
 - Vending machines that include syringe services is planning to be offered throughout the state by Trac B.
- Sarah noted that the End HIV Nevada website community calendar is up. Southern Nevada information has been included. Please submit Northern Nevada information to Sarah for inclusion.
- Brendan reported that Change Point is expecting to offer a PrEP clinic in January and February, along with nursing services.
- Kellie reported that HIV fast facts will be published. Non-health department participation and input on HIV clusters will be requested from this group in the near future. This will help information HIV prevention strategies.
- Jen escorted a UNSOM Resident on a tour of the bath house during his preceptorship with WCHD. He will be taking over Robin Titus' practice in Yerington as she moves toward retirement.
- ACCEPT has moved to 100 Washington, Suite 250.
- Doug spoke of his positive experiences with condom distribution at Kelly's bar in Sun Valley.
- Carson City HHS is working on their World AIDS Day plan. Movement continues on Carson being able to test in the Carson City jail. They have also reached out to area providers and

received information on condom distribution sites and opportunities within the communities surrounding Carson City.

- WCHD has a new staff person, Jessica Conner. She will be working across all aspects of the HIV program, with emphasis on identifying and engaging people living with HIV who are potentially out of HIV care. So far efforts have identified those truly out of care, people that are deceased and people that have moved out of the area. Efforts to locate people that have been identified that do not have contact information will continue. The out of care list has over 400 people identified.
- WCHD interns Jaz and Xhosha provided a brief presentation on the status of HIV Decriminalization efforts across the country including the differences in language between old and new laws. Information on the current Nevada laws related to HIV exposure, sex workers that are living with HIV was presented as well as the current regulations regarding testing in brothels. Iowa, Colorado, and Colorado decriminalization efforts were reviewed. U=U and detectable viral loads were discussed. Intent is the main focus on modernizing laws. Advocacy in the legislative session on HIV decriminalization and modernization will be addressed in partnership with Southern Nevada stakeholders. A bill to support providers being required to offer HIV testing to their patients will also be pursued. Jen needs approval for her efforts by the Health Officer. These efforts serve to reduce stigma and open opportunities for people living with HIV.
- A Project ECHO on congenital syphilis in Nevada is being offered in November.
