

SURFACE COATING WORKSHEET INSTRUCTIONS

How to Complete this Worksheet

- Submit this worksheet as a supplemental document to an *Application for a Minor Source Authority to Construct/*Permit to Operate. If submitting this worksheet without a permit application, or in response to an AQMD request for supplemental information, locate and check the "Supplemental Information" box at the top left of Page 2.
- The worksheet must be filled out completely for all items that are applicable, except where noted as optional.
- The Application for a Minor Source Authority to Construct/Permit to Operate, all applicable emission unit and/or control device worksheet(s), the MACT Notification/Certification of Compliance Status, and payment should be hand delivered to the AQMD drop box located (here), or mailed to:
 NNPH, AQMD, 1001 E. Ninth Street, Suite B171, Reno, NV 89512
- More detailed instructions can be found on page 5.

Potential Applicable Requirements: 40 CFR Part 63, "Standards of Performance for NESHAP"

40 CFR Part 63, Subpart HHHHHH

- If using paint stripper, does it contain methylene chloride? Yes No N/A
- Does spray application of coatings to metal or plastic substrates contain compounds of chromium, lead, manganese, nickel, or cadmium?
 Yes
 No

If YES, the facility may be subject to 40 CFR 63, Subpart HHHHHHH

40 CFR Part 63, Subpart XXXXXX

Does the process have any operations common to metal fabrication and finishing facilities? Yes No
 If YES, the facility may be subject to 40 CFR 63, Subpart XXXXXX

Facilities that perform metal fabrication and finishing processes are not subject to 40 CFR Part 63, Subpart XXXXXX unless they are "primarily engaged" in operations that fall into one of the rule's source categories. Therefore, the rule will apply only if this facility falls into one of the categories listed below.

Check off <u>ALL</u> categories in the following list that apply to your facility's operations.

Electrical and electronic equipment finishing

Fabrication of metal products

Fabricating plate works (boiler shops)

Fabrication involving structural metal manufacturing

Heating equipment (except electric)

Industrial machinery and equipment finishing operations

Iron and steel forging

Primary metal products manufacturing

Valves and pipe fittings industries

Assistance and Resources

The Business Environmental Program, operated through the University of Nevada, is a free and confidential program designed to help small businesses in Washoe County comply with local and federal environmental regulations. This service may be contacted at 800.882.3233 or help@unrbep.org. The Business Environmental Program may provide information on completing this air quality application. They can also provide assistance in reviewing options for emission control equipment and submitting annual emissions.

Supplemental Information

Facility Information			
1. New Permit Permit Modification 2. Existing facilities only. Permit Number:			
3. Facility Name:			
4. Facility Address:			
City: State: ZIP Code:			
Process Description			
5. Description of typical products coated: Auto Furniture Other (specify):			
6. Type of materials coated: Metal Plastic Wood Other (specify):			
7. Type of spraying/application method: HVLP Airless Electrostatic Dipping Roller/Brush Other (specify):			
Spray Booth Information			
8. List specifications for the spray booth(s) to be used. Attach a copy of the manufacturer's specification sheet(s) for each spray booth. Duplicate sheet as needed.			
Manufacturer:			
Model No.: Serial No.:			
Booth outside dimensions (in feet, L x W x H):			
Ceiling: Yes No No. of walls:			
Overspray capture efficiency of the filters used in the spray booth (%):			
Manufacturer's recommended pressure drop across the filters: inches of water (max) inches of water (min)			
Max. heat input rating for booth heater, if applicable (in mmBtu/hr):

Materials Information			
9. List information for each paint stripper, paint, primer, thinner, reducer, solvent and duplicate sheet as needed.	t, adhesive, etc.	Attach SDS for e	each material
Material	Annual Usage	VOC Content	HAP Content
Material	(gal/yr)	(lb/gal)	(lb/gal)

All information above this line is required for this form to be considered complete. Duplicate sheet as needed.

DETAILED WORKSHEET INSTRUCTIONS

Facility Information

- 1. Specify if the worksheet is for a new permit or for modification of an existing permit by checking the appropriate box.
- 2. **For existing facilities only**. Provide the Permit Number, which can be found at the top of page 1 of the existing Permit to Operate (ex. AAIRXX-XXXX).
- 3. Provide the facility name as it appears on the *Application for a Minor Source Authority to Construct/Permit to Operate*. If a permit already exists for this operation, enter the name as it appears on the existing permit, which can be found at the top of page 1 of the existing Permit to Operate where it says, "Permit Issued To".
- 4. Provide the facility address.

Process Description

- 5. Specify the typical product that will be coated at your facility.
- 6. Specify the types of materials the products are made of. Check all that apply.
- 7. Specify the method used to coat the products. Check all that apply.

Spray Booth Information

- 8. List the following specifications for each of the proposed spray booth(s) to be used. Attach a copy of the manufacturer's specification sheet(s). Duplicate sheet as needed.
 - Specify the make, model, serial number of the spray booth. If the spray booth was not manufactured, enter "N/A" in these spaces.
 - Specify, in feet, the outside dimensions of the booth.
 - Specify the number of walls the booth has and whether it has a ceiling.
 - Specify the rated capture efficiency percentage of the exhaust filters and the normal pressure drop across the filters. Specify the high and low range of the pressure drop in inches of water.
 - If applicable, specify the maximum heat input rating of the booth heater (in millions of British thermal units per hour).

Materials Information

9. In the table provided, specify the required elements of each paint stripper, paint, primer, thinner, reducer, solvent, adhesive, etc. used in the spray booth(s). Enter the anticipated annual usage in gallons per year, the content of volatile organic compounds (VOCs) in pounds per gallon, and the content of hazardous air pollutants (HAPs) in pounds per gallon. Attach an SDS sheet for each material listed. Duplicate sheet as necessary.

Supplemental Documents

All new facilities or facilities changing ownership must include the MACT 6H Notification/Certification of Compliance Status (attached below) as a supplemental document.

MACT 6H NOTIFICATION / CERTIFICATION OF COMPLIANCE STATUS

PAINT STRIPPING AND MISCELLANEOUS SURFACE COATING AREA SOURCES NATIONAL EMISSION STANDARDS FOR HAZARDOUS AIR POLLUTANTS (NESHAP) SUBPART HHHHHH

40 CFR Part 63 Subpart HHHHHH

Facility Information (Physical Lo	cation)			
1. Facility Name:				
2. Facility Address:				
City:	State:		ZIP Code:	
3. On-Site Contact Name:		Title:		
Phone Number:		Email:		
4. Are the required compliance records I If "Yes", complete #5-#6.	ocated at a location o	ther than the facility?	? Yes No	
5. Facility Address:

- 15. I am subject to 40 CFR Part 63, Subpart HHHHHH, National Emission Standards for Hazardous Air Pollutants: Paint Stripping and Miscellaneous Surface Coating Operations at Area Source: Yes No
- 16. Is the facility a motor vehicle or mobile equipment surface coating operation that repairs vehicles at the customer's location, rather than at a fixed location? Yes No

Surface Coating Operations:

17. Select the operation type: Motor Vehicle or Mobile Equipment Surface Coating Operation

Miscellaneous Surface Coating Operation

17a. No. of Spray Booths: 17b. No. of Preparation Stations: 17c. No. of Painters:

Paint Stripping Operations:

- 18. Methods of paint stripping employed (check all that apply): Chemical Mechanical Other (specify):
- 19. Substrates stripped: Wood Plastic Metal Other (specify):

Methylene Chloride (MeCl) Use:

20. Does the facility plan to use more than (1) ton of MeCl annually? Yes No N/A

Compliance Status:

21. For paint stripping operations, the relevant requirements that you must evaluate in making this determination are specified in 40 CFR §63.11173(a) through (d) of the subpart. For surface coating operations, the relevant requirements are specified in 40 CFR §63.11173(e) through (g) of the subpart.

I am already in compliance with each of the relevant requirements.

I will be in compliance with each of the relevant requirements.

**Compliance dates are as follows:

New Source (initial startup after January 9, 2008); Compliance date is date of initial startup.

New Source (initial startup after September 17, 2007, but before January 9, 2008); Compliance date is January 9, 2008.

Existing Source (Initial startup before September 17, 2007); Compliance date is January 10, 2011.

Note: Initial startup is the first time equipment is brought online in a paint stripping or surface coating operation, and paint stripping or surface coating is first performed.

22. Certification of Compliance Status (check one):

This source is a new source. I certify that this source is in compliance with each of the relevant requirements of this subpart. This initial notification also serves as the Notification of Compliance Status.

This source is an existing source. I certify that this source is in compliance with each of the relevant requirements of this subpart. This notification also serves as the Notification of Compliance Status.

This notification serves as the Notification of Compliance Status certifying that this source has complied with all the relevant standards of this subpart.

I certify the truth, accuracy, and completeness of this notification:
